**THOMPSON CROSSING METROPOLITAN DISTRICT NO. 3
2023 BUDGET
SUMMARY OF SIGNIFICANT ASSUMPTIONS**

Services Provided

The District, a quasi-municipal corporation and a political subdivision of the State of Colorado, was organized by order and decree of the District Court on August 11, 2005, and is governed pursuant to provisions of the Colorado Special District Act (Title 32, Article 1, Colorado Revised Statutes). The District's service area is located entirely within the Town of Johnstown, Larimer County, Colorado.

The District was established to provide construction, installation, financing and operation of public improvements, including streets, traffic safety controls, water, sanitary sewer, storm drainage, television relay and translator, transportation, park and recreation facilities, covenant enforcement, security services, and pest control within the District. Under the amended service plan, the District was organized in conjunction with five other related districts, Thompson Crossing No. 1 (control district), Thompson Crossing No. 2 (commercial district), Thompson Crossing No. 4 (financing district), Thompson Crossing No. 5 (financing district), and Thompson Crossing No. 6 (financing district). The District serves as the operating district for Thompson Crossing Nos. 4, 5 and 6.

On November 6, 2001, District voters approved authorization to increase property taxes up to \$850,000, annually as necessary, to pay for the operations and maintenance expenditures of the District. Debt authorization was approved in the amount of \$85,000,000 for the above listed facilities, \$85,000,000 for refunding debt. The voters also authorized debt of \$17,000,000 for the cost of operating and maintaining the District's systems and \$110,000,000 for the issuance of mortgages, liens and other encumbrances on District real and personal property. The election also allows the District to retain revenues, up to \$102,000,000 annually, without regard to the limitations contained in Article X, Section 20 of the Colorado constitution or any other law.

The Modified Consolidated Service Plan dated October 3, 2005, limits the total principal amount of obligations that the Districts may have outstanding in aggregate at any one time to \$65,000,000 provided that in the case where obligations of the Financing Districts are supporting revenue bonds of the Control District, the Control District revenue bonds shall not be counted.

The District has no employees and all administrative functions are contracted.

The District prepares its budget on the modified accrual basis of accounting, in accordance with the requirements of Colorado Revised Statutes C.R.S. 29-1-105 using its best estimates as of the date of the budget hearing. These estimates are based on expected conditions and its expected course of actions. The assumptions disclosed herein are those that the District believes are significant to the budget. There will usually be differences between the budget and actual results, because events and circumstances frequently do not occur as expected, and those differences may be material.

Revenues

Property Taxes

Property taxes are levied by the District's Board of Directors. The levy is based on assessed valuations determined by the County Assessor generally as of January 1 of each year. The levy is normally set by December 15 by certification to the County Commissioners to put the tax lien on the individual properties as of January 1 of the following year. The County Treasurer collects the determined taxes during the ensuing calendar year. The taxes are payable by April or, if in equal installments, at the taxpayer's election, in February and June.

THOMPSON CROSSING METROPOLITAN DISTRICT NO. 3
2023 BUDGET
SUMMARY OF SIGNIFICANT ASSUMPTIONS

Revenues (continued)

Property Taxes (continued)

Delinquent taxpayers are notified in August and generally sales of the tax liens on delinquent properties are held in November or December. The County Treasurer remits the taxes collected monthly to the District. The calculation of the taxes levied is displayed on the Property Tax Summary page of the budget using the adopted mill levy imposed by the District.

Senate Bill 21-293 among other things, designates multi-family residential real property (defined generally, as property that is a multi-structure of four or more units) as a new subclass of residential real property. For tax collection year 2023, the assessment rate for single family residential property decreases to 6.95% from 7.15%. The rate for multifamily residential property, the newly created subclass, decreases to 6.80% from 7.15%. Agricultural and renewable energy production property decreases to 26.4% from 29.0%. Producing oil and gas remains at 87.5%. All other nonresidential property stays at 29%.

Specific Ownership Taxes

Specific ownership taxes are set by the State and collected by the County Treasurer, primarily on vehicle licensing within the County as a whole. The specific ownership taxes are allocated by the County Treasurer to all taxing entities within the County. The budget assumes that the District's share will be equal to approximately 7% of the property taxes collected by the General Fund.

Transfers from Other Districts / Administrative and Operating Expenditures

Pursuant to a Facilities Construction and Service Intergovernmental Agreement, District Nos. 4, 5 and 6 are obligated to impose a mill levy which will be sufficient to promptly and fully pay the amounts to be paid under this agreement, as well as all other general obligation indebtedness of the District, as the same become due. District Nos. 4, 5 and 6 are required to remit property taxes derived from such mill levy, together with specific ownership taxes applicable to property within the Districts less County Treasurer Fees, to the District. The District anticipates receiving funds for operations under this agreement, as shown in the General Fund budget. Administrative, operating and capital outlay expenditures are paid by the District on behalf of all the Districts.

Carriage House District Fees

The District anticipates collecting fees from owners of carriage houses to maintain common areas within the carriage house community.

System Development Fees

The District collects and retains system development fees of \$1,500 at the time of issuance of a building permit for the first 500 single-family units and \$2,000 starting with the 501st single-family unit.

2023 BUDGET
SUMMARY OF SIGNIFICANT ASSUMPTIONS**

Revenues (continued)

Developer advances

Developer advances may be expected to fund a portion of general fund and capital fund expenditures. Developer advances are to be recorded as revenue for budget purposes with an obligation for future repayment when the District is financially able to reimburse the Developer.

Expenditures

General and Administrative Expenditures

General and administrative expenditures include the estimated services necessary to maintain the District's administrative viability such as legal, management, accounting, insurance, banking and meeting expense of District Nos. 3, 4, 5 and 6.

Operations and Maintenance

Facilities that are constructed by the District are either turned over to a third party for maintenance (i.e. streets to the Town of Johnstown) or maintained by the District. The budget reflects the District's operational expenditures in order to maintain assets not conveyed to other entities.

In addition, the cost of operating the Clubhouse and pools are also included under this category.

Transfer to Thompson Crossing Metropolitan District No. 1

The District entered into an intergovernmental agreement with Thompson Crossing Metropolitan District Nos. 1 and 2 on November 15, 2006. The agreement stipulates that District No. 3 and District No. 2 shall each reimburse 50% of the operation and administrative costs of District No.1. The costs to be reimbursed shall only include those normal costs of operation and administration of District No. 1 including, but not limited to, legal fees, audit fees, accounting fees, supplies, insurance, special district association fees, consultant fees, cost of issuance of sewer certificates and collection of system development fees, directors' fees, election costs, District management costs and miscellaneous costs. Operation and administration costs shall not include any costs incurred by District No. 1 for exclusion of property from the Little Thompson Water District and any costs incurred of any kind for any capital project of the District including, but not limited to, the Low Point Plant, the wastewater transmission lines, and the waterline looping project.

County Treasurer's Fees

County Treasurer's fees have been computed at 2.0% of property tax collections.

Capital Outlay

The District anticipates infrastructure improvements as noted in the Capital Projects Fund.

THOMPSON CROSSING METROPOLITAN DISTRICT NO. 4
2023 BUDGET
SUMMARY OF SIGNIFICANT ASSUMPTIONS

Services Provided

The District, a quasi-municipal corporation and a political subdivision of the State of Colorado, was organized by order and decree of the District Court on November 9, 2005, and is governed pursuant to provisions of the Colorado Special District Act (Title 32, Article 1, Colorado Revised Statutes). The District's service area is located entirely within the Town of Johnstown, Larimer County, Colorado.

The District was established to provide construction, installation, financing and operation of public improvements, including streets, traffic safety controls, water, sanitary sewer, storm drainage, television relay and translator, transportation, park and recreation facilities, and mosquito control within the District. Under the amended service plan, the District was organized in conjunction with five other related districts, Thompson Crossing No. 1 (control district), Thompson Crossing No. 2 (commercial district), Thompson Crossing No. 3 (operating district for Nos. 4, 5, and 6), Thompson Crossing No. 5 (financing district), and Thompson Crossing No. 6 (financing district). The District serves as a financing district for Thompson Crossing No. 3.

On November 1, 2005, the District voters approved authorization to increase property taxes up to \$5,000,000 annually, as necessary, to pay for the operations and maintenance expenditures of the District. Debt authorization was approved in the amount of \$520,000,000 for the above listed facilities and \$65,000,000 for refunding debt. The voters also authorized debt of \$65,000,000 for the cost of operating and maintaining the District's systems. Additionally, the District's electors authorized the District to collect, retain and spend all revenue annually, other than ad valorem taxes, without regard to limitations under TABOR.

The Modified Consolidated Service Plan dated October 3, 2005 limits the total principal amount of obligations that the Districts may have outstanding in aggregate at any one time to \$65,000,000 provided that in the case where obligations of the Financing Districts are supporting revenue bonds of the Control District, the Control District revenue bonds shall not be counted.

The District has no employees and all administrative functions are contracted

The District prepares its budget on the modified accrual basis of accounting, in accordance with requirements of Colorado Revised Statutes C.R.S. 29-1-105 using its best estimates as of the date of the budget hearing. These estimates are based on expected conditions and its expected course of actions. The assumptions disclosed herein are those that the District believes are significant to the budget. There will usually be differences between the budget and actual results, because events and circumstances frequently do not occur as expected, and those differences may be material.

**THOMPSON CROSSING METROPOLITAN DISTRICT NO. 4
2023 BUDGET
SUMMARY OF SIGNIFICANT ASSUMPTIONS**

Revenues

Property Taxes

Property taxes are levied by the District's Board of Directors. The levy is based on assessed valuations determined by the County Assessor generally as of January 1 of each year. The levy is normally set by December 15 by certification to the County Commissioners to put the tax lien on the individual properties as of January 1 of the following year. The County Treasurer collects the determined taxes during the ensuing calendar year. The taxes are payable by April or, if in equal installments, at the taxpayer's election, in February and June. Delinquent taxpayers are notified in August and generally sales of the tax liens on delinquent properties are held in November or December. The County Treasurer remits the taxes collected monthly to the District.

The calculation of the taxes levied is displayed on the Property Tax Summary page of the budget using the adopted mill levy imposed by the District.

Senate Bill 21-293 among other things, designates multi-family residential real property (defined generally, as property that is a multi-structure of four or more units) as a new subclass of residential real property. For tax collection year 2023, the assessment rate for single family residential property decreases to 6.95% from 7.15%. The rate for multifamily residential property, the newly created subclass, decreases to 6.80% from 7.15%. Agricultural and renewable energy production property decreases to 26.4% from 29.0%. Producing oil and gas remains at 87.5%. All other nonresidential property stays at 29%.

Specific Ownership Taxes

Specific ownership taxes are set by the State and collected by the County Treasurer, primarily on vehicle licensing within the County as a whole. The specific ownership taxes are allocated by the County Treasurer to all taxing entities within the County. The budget assumes that the District's share will be equal to approximately 7% of the property taxes collected by both the General and the Debt Service Fund.

System Development Fees

The District collects and retains system development fees of \$500 at the time of issuance of a building permit for the first 500 single-family units. The District anticipates collecting revenue from the issuance of 177 building permits in 2023.

Interest Income

Interest earned on the District's available funds has been estimated based on an average interest rate of approximately 1.5%.

**THOMPSON CROSSING METROPOLITAN DISTRICT NO. 4
2023 BUDGET
SUMMARY OF SIGNIFICANT ASSUMPTIONS**

Expenditures

Transfer to Other Districts / Administrative and Operating Expenditures

Pursuant to a Facilities Construction and Service Intergovernmental Agreement, the District is obligated to impose a mill levy which will be sufficient to promptly and fully pay the amounts to be paid under this agreement, as well as all other general obligation indebtedness of the District, as the same become due. The District is required to remit property taxes derived from such mill levy, together with specific ownership taxes applicable to property within the District less County Treasurer Fees, to the Operating District. The District anticipates transferring funds to Thompson Crossing Metropolitan District No. 3, as shown in the General Fund budget, for operations under this agreement. Administrative, operating and capital outlay expenditures are paid by District No. 3 on behalf of the District.

County Treasurer's Fees

County Treasurer's fees have been computed at 2% of property tax collections.

Capital Enhancements

The District anticipates spending General Fund revenue on capital enhancements to be determined in 2023.

Debt Service

Principal and interest payments are provided based on the Series 2019 General Obligation Bonds (discussed under Debt and Leases).

Debt and Leases

Series 2019

On September 5, 2019, the District issued \$31,270,000 in Series 2019 General Obligation (Limited Tax Convertible to Unlimited Tax) Refunding and Improvement Bonds, which bear interest of 3.5% to 5.0%, payable semi-annually on June 1 and December 1. Annual mandatory sinking fund principle payments are due on December 1, beginning on December 1, 2024. The bonds mature on December 1, 2049.

The Series 2019 Bonds are secured by and payable solely from Pledged Revenue, which includes property taxes derived from the Required Mill Levy net of the cost of collection, specific ownership taxes allocable to the Required Mill Levy, Capital Fees (not including system development fees, which are not pledged to the payment of the bonds) and any other legally available moneys of the District credited to the Bond Fund. The Required Mill Levy (for debt service) is defined in the Bond Resolution as a mill levy imposed upon all taxable property in the District each year in an amount sufficient to pay the principal of and interest on the Series 2019 Bonds but not in excess of 50 mills and not less than 41.838 mills, as adjusted for changes in the method of calculating assessed valuation after August 20, 2001. The minimum mill levy as currently adjusted is 54.910 mills and the maximum mill levy as currently adjusted is 56.433 mills. Once the Debt to Assessed Ratio on total debt issued is 50% or less, the mill levy may be imposed in an amount sufficient to pay debt service on the Series 2019 Bonds without limitation or rate.

**THOMPSON CROSSING METROPOLITAN DISTRICT NO. 4
2023 BUDGET
SUMMARY OF SIGNIFICANT ASSUMPTIONS**

Debt and Leases (continued)

A surplus fund was established as additional security for the bonds and will be used to fund any deficiencies in the amounts required to pay bond principal and interest when due. The surplus fund will be funded up to a maximum amount of \$4,690,500, solely from available Pledged Revenue that is not required to pay the principal or interest on the bonds. The surplus fund will be maintained until the Debt to Assessed Ratio is 50% or less, after which any balances remaining in the surplus fund will be transferred to the District for application to any lawful purpose. The bonds do not have a reserve requirement other than this surplus fund.

In the event that the Pledged Revenue is insufficient to pay the Bonds when due, the unpaid principal will continue to bear interest, and the unpaid interest will compound semi-annually at the interest rate borne by the Bonds until the Bonds are paid in full or the total repayment obligation of the District for the Bonds equals the amount permitted by law.

The Series 2019 Bonds refunded the Series 2006 Bonds.

The District has no operating or capital leases.

Reserves

Capital Reserve

The District reserves General budgeted property taxes from 2 mills of the General Mill Levy and System Development Fees revenue to be used for capital enhancements.

Emergency Reserve

The District transfers majority of its General Fund revenue to Thompson Crossing Metropolitan District No. 3 for operational expenditures. Therefore no Emergency Reserve has been provided for in Thompson Crossing Metropolitan District No. 4. The emergency reserve related to its revenue stream is captured in Thompson Crossing Metropolitan District No. 3.

This information is an integral part of the accompanying budget.

**THOMPSON CROSSING METROPOLITAN DISTRICT NO. 5
2023 BUDGET
SUMMARY OF SIGNIFICANT ASSUMPTIONS**

Services Provided

The District, a quasi-municipal corporation and a political subdivision of the State of Colorado, was organized by order and decree of the District Court on November 9, 2005, and is governed pursuant to provisions of the Colorado Special District Act (Title 32, Article 1, Colorado Revised Statutes). The District's service area is located entirely within the Town of Johnstown, Larimer County, Colorado.

The District was established to provide construction, installation, financing and operation of public improvements, including streets, traffic safety controls, water, sanitary sewer, storm drainage, television relay and translator, transportation, park and recreation facilities, and mosquito control within the District. Under the amended service plan, the District was organized in conjunction with five other related districts, Thompson Crossing No. 1 (control district), Thompson Crossing No. 2 (commercial district), Thompson Crossing No. 3 (operating district for Nos. 4, 5 and 6), Thompson Crossing No. 4 (financing district), and Thompson Crossing No. 6 (financing district). The District serves as a financing district for Thompson Crossing No. 3.

On November 1, 2005, District voters approved authorization to increase property taxes up to \$5,000,000 annually, as necessary, to pay for the operations and maintenance expenditures of the District. Debt authorization was approved in the amount of \$520,000,000 for the above listed facilities and \$65,000,000 for refunding debt. The voters also authorized debt of \$65,000,000 for the cost of operating and maintaining the District's systems. Additionally, the District's electors authorized the District to collect, retain and spend all revenue annually, other than ad valorem taxes, without regard to limitations under TABOR.

The Modified Consolidated Service Plan dated October 3, 2005, limits the total principal amount of obligations that the Districts may have outstanding in aggregate at any one time to \$65,000,000 provided that in the case where obligations of the Financing Districts are supporting revenue bonds of the Control District, the Control District revenue bonds shall not be counted.

The District has no employees and all administrative functions are contracted.

The District prepares its budget on the modified accrual basis of accounting, in accordance with requirements of Colorado Revised Statutes C.R.S. 29-1-105 using its best estimates as of the date of the budget hearing. These estimates are based on expected conditions and its expected course of actions. The assumptions disclosed herein are those that the District believes are significant to the budget. There will usually be differences between the budget and actual results, because events and circumstances frequently do not occur as expected, and those differences may be material.

Revenues

Property Taxes

Property taxes are levied by the District's Board of Directors. The levy is based on assessed valuations determined by the County Assessor generally as of January 1 of each year. The levy is normally set by December 15 by certification to the County Commissioners to put the tax lien on the individual properties as of January 1 of the following year. The County Treasurer collects the determined taxes during the ensuing calendar year. The taxes are payable by April or, if in equal installments, at the taxpayer's election, in February and June.

**THOMPSON CROSSING METROPOLITAN DISTRICT NO. 5
2023 BUDGET
SUMMARY OF SIGNIFICANT ASSUMPTIONS**

Revenues (continued)

Property Taxes (continued)

Delinquent taxpayers are notified in August and generally sales of the tax liens on delinquent properties are held in November or December. The County Treasurer remits the taxes collected monthly to the District. The calculation of the taxes levied is displayed on the Property Tax Summary page of the budget using the adopted mill levy imposed by the District.

Senate Bill 21-293 among other things, designates multi-family residential real property (defined generally, as property that is a multi-structure of four or more units) as a new subclass of residential real property. For tax collection year 2023, the assessment rate for single family residential property decreases to 6.95% from 7.15%. The rate for multifamily residential property, the newly created subclass, decreases to 6.80% from 7.15%. Agricultural and renewable energy production property decreases to 26.4% from 29.0%. Producing oil and gas remains at 87.5%. All other nonresidential property stays at 29%.

Specific Ownership Taxes

Specific ownership taxes are set by the State and collected by the County Treasurer, primarily on vehicle licensing within the County as a whole. The specific ownership taxes are allocated by the County Treasurer to all taxing entities within the County. The budget assumes that the District's share will be equal to approximately 7% of the property taxes collected by the General Fund.

Expenditures

County Treasurer's Fees

County Treasurer's fees have been computed at 2.0% of property tax collections.

Debt and Leases

The District has no operating or capital leases. The District anticipates a bond issuance in 2023.

Reserves

Emergency Reserve

The District transfers all of its General Fund revenue to Thompson Crossing Metropolitan District No. 3. Therefore no Emergency Reserve has been provided for in Thompson Crossing Metropolitan District No. 5. The emergency reserve related to its revenue stream is captured in Thompson Crossing Metropolitan District No. 3.

This information is an integral part of the accompanying budget.

THOMPSON CROSSING METROPOLITAN DISTRICT NO. 6
2023 BUDGET
SUMMARY OF SIGNIFICANT ASSUMPTIONS

Services Provided

The District, a quasi-municipal corporation and a political subdivision of the State of Colorado, was organized by order and decree of the District Court on November 9, 2005, and is governed pursuant to provisions of the Colorado Special District Act (Title 32, Article 1, Colorado Revised Statutes). The District's service area is located entirely within the Town of Johnstown, Larimer County, Colorado.

The District was established to provide construction, installation, financing and operation of public improvements, including streets, traffic safety controls, water, sanitary sewer, storm drainage, television relay and translator, transportation, park and recreation facilities, and mosquito control within the District. Under the amended service plan, the District was organized in conjunction with five other related districts, Thompson Crossing No. 1 (control district), Thompson Crossing No. 2 (commercial district), Thompson Crossing No. 3 (operating district for Nos. 4, 5 and 6), Thompson Crossing No. 4 (financing district), and Thompson Crossing No. 5 (financing district). The District serves as a financing district for Thompson Crossing No. 3.

On November 1, 2005, District voters approved authorization to increase property taxes up to \$5,000,000 annually, as necessary, to pay for the operations and maintenance expenditures of the District. Debt authorization was approved in the amount of \$520,000,000 for the above listed facilities and \$65,000,000 for refunding debt. The voters also authorized debt of \$65,000,000 for the cost of operating and maintaining the District's systems. Additionally, the election allows the District to collect, spend, and retain all revenues, other than ad valorem taxes, without regard to the limitations under TABOR.

The Modified Consolidated Service Plan dated October 3, 2005, limits the total principal amount of obligations that the Districts may have outstanding in aggregate at any one time to \$65,000,000 provided that in the case where obligations of the Financing Districts are supporting revenue bonds of the Control District, the Control District revenue bonds shall not be counted.

The District has no employees and all administrative functions are contracted.

The District prepares its budget on the modified accrual basis of accounting, in accordance with the requirements of Colorado Revised Statutes C.R.S. 29-1-105 using its best estimates as of the date of the budget hearing. These estimates are based on expected conditions and its expected course of actions. The assumptions disclosed herein are those that the District believes are significant to the budget. There will usually be differences between the budget and actual results, because events and circumstances frequently do not occur as expected, and those differences may be material.

**THOMPSON CROSSING METROPOLITAN DISTRICT NO. 6
2023 BUDGET
SUMMARY OF SIGNIFICANT ASSUMPTIONS**

Revenues

Property Taxes

Property taxes are levied by the District's Board of Directors. The levy is based on assessed valuations determined by the County Assessor generally as of January 1 of each year. The levy is normally set by December 15 by certification to the County Commissioners to put the tax lien on the individual properties as of January 1 of the following year. The County Treasurer collects the determined taxes during the ensuing calendar year. The taxes are payable by April or, if in equal installments, at the taxpayer's election, in February and June. Delinquent taxpayers are notified in August and generally sales of the tax liens on delinquent properties are held in November or December. The County Treasurer remits the taxes collected monthly to the District.

The calculation of the taxes levied is displayed on the Property Tax Summary page of the budget using the adopted mill levy imposed by the District.

Senate Bill 21-293 among other things, designates multi-family residential real property (defined generally, as property that is a multi-structure of four or more units) as a new subclass of residential real property. For tax collection year 2023, the assessment rate for single family residential property decreases to 6.95% from 7.15%. The rate for multifamily residential property, the newly created subclass, decreases to 6.80% from 7.15%. Agricultural and renewable energy production property decreases to 26.4% from 29.0%. Producing oil and gas remains at 87.5%. All other nonresidential property stays at 29%.

Specific Ownership Taxes

Specific ownership taxes are set by the State and collected by the County Treasurer, primarily on vehicle licensing within the County as a whole. The specific ownership taxes are allocated by the County Treasurer to all taxing entities within the County. The budget assumes that the District's share will be equal to approximately 7% of the property taxes collected by the General Fund and the Debt Service Fund.

Interest Income

Interest earned on the District's available funds has been estimated based on an average interest rate of approximately 1.5%.

Expenditures

Transfer to Other Districts / Administrative and Operating Expenditures

Pursuant to a Facilities Construction and Service Intergovernmental Agreement, the District is obligated to impose a mill levy which will be sufficient to promptly and fully pay the amounts to be paid under this agreement, as well as all other general obligation indebtedness of the District, as the same become due. The District is required to remit property taxes derived from such mill levy, together with specific ownership taxes applicable to property within the District less County Treasurer Fees, to the Operating District. The District anticipates transferring funds to Thompson Crossing Metropolitan District No. 3, as shown in the General Fund budget, for operations under this agreement. Administrative, operating and capital outlay expenditures are paid by District No. 3 on behalf of the District.

**THOMPSON CROSSING METROPOLITAN DISTRICT NO. 6
2023 BUDGET
SUMMARY OF SIGNIFICANT ASSUMPTIONS**

Expenditures (continued)

County Treasurer's Fees

County Treasurer's fees have been computed at 2% of property tax collections.

Capital Enhancements

The District anticipates spending General Fund revenue on capital enhancements to be determined in 2023.

Debt Service

Principal and interest payments in 2023 are provided based on the debt amortization schedule from the Senior Bonds (discussed under Debt and Leases).

Debt and Leases

The District issued General Obligation (Limited Tax Convertible to Unlimited Tax) Refunding and Improvement Bonds, Series 2020 on November 6, 2020, in the par amount of \$3,835,000 (the Bonds).

Proceeds from the sale of the Bonds were used to (a) reimburse certain costs of Public Improvements, (b) refund the outstanding Series 2015A Bonds and 2015B Bonds (together, the Refunded Bonds), (c) fund the Reserve Fund, and (d) pay the costs of issuing the Bonds and refunding the Refunded Bonds.

The Bonds bear interest at rates ranging from 3.0% to 5.0%, payable semi-annually to the extent of Pledged Revenue available on June 1 and December 1, beginning on December 1, 2020. Annual mandatory sinking fund principal payments are due on December 1, beginning on December 1, 2021. The Bonds mature on December 1, 2044.

In the event principal on the Bonds is not paid when due, such principal shall remain outstanding and continue to bear interest at the rate then borne by the Bonds. To the extent interest on the Bonds is not paid when due, such unpaid interest will compound semiannually on each June 1 and December 1, at the interest rate borne by the Bonds.

The Bonds are subject to redemption prior to maturity, at the option of the District, on December 1, 2030, and on any date thereafter, upon payment of par and accrued interest, without redemption premium.

The Bonds are secured by and payable solely from and to the extent of Pledged Revenue, generally consisting of:

- (a) the Required Mill Levy;
- (b) the portion of the Specific Ownership Tax which is collected as a result of the imposition of the Required Mill Levy; and
- (c) any other legally available moneys that the District determines, in its absolute discretion, to transfer to the Trustee for application as Pledged Revenue.

**THOMPSON CROSSING METROPOLITAN DISTRICT NO. 6
2023 BUDGET
SUMMARY OF SIGNIFICANT ASSUMPTIONS**

Debt and Leases - (continued)

Prior to the time that the District's Debt to Assessed Value Ratio is 50% or less (the Conversion Date), the Required Mill Levy is an ad valorem mill levy imposed upon all taxable property of the District each year in an amount sufficient to pay the principal and interest on the Bonds as they become due and, if necessary, to replenish the Reserve Fund to the amount of the Required Reserve, but not in excess of 50 mills (subject to adjustment for changes in the method of calculating assessed valuation after August 20, 2001). The Required Mill Levy is net of the collection costs of the County and any tax refunds or abatements authorized by or on behalf of the County. The current maximum mill levy, as adjusted, is 56.733.

On and after the Conversion Date, the Required Mill Levy shall be unlimited and imposed in such amount as is necessary to pay the Bond Requirements as they come due and to replenish the Reserve Fund to the amount of the Required Reserve, if necessary.

The Debt to Assessed Ratio is derived by dividing the sum of the then-outstanding principal amount of all general obligation debt of the District by the assessed valuation of the taxable property of the District.

The Bonds are further secured by the Reserve Fund in the Required Reserve Amount of \$298,750. The Reserve Fund is to be maintained in the amount of the Required Reserve for so long as the Bonds are outstanding.

The District has no operating or capital leases.

Reserves

Capital Reserve

The District reserves General budgeted property taxes from 4 mills of the General Mill Levy to be used for capital enhancements.

Emergency Reserve

The District transfers majority of its General Fund revenue to Thompson Crossing Metropolitan District No. 3. Therefore no Emergency Reserve has been provided for in Thompson Crossing Metropolitan District No. 6. The emergency reserve related to its revenue stream is captured in Thompson Crossing Metropolitan District No. 3.

This information is an integral part of the accompanying budget.

INDEPENDENT AUDITOR'S REPORT

Board of Directors
Thompson Crossing Metropolitan District No. 3
Larimer County, Colorado

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Thompson Crossing Metropolitan District No. 3 (the District), as of and for the year ended December 31, 2022, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the District, as of December 31, 2022, and the respective changes in financial position, and the respective budgetary comparisons for the General Fund and the Special Revenue Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

• Member American Institute of Certified Public Accountants • Member Colorado Society of Certified Public Accountants •

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Management has omitted Management's Discussion and Analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The Supplementary Information, as listed in the table of contents, is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Supplementary Information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES
IN FUND BALANCE OF THE GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES
YEAR ENDED DECEMBER 31, 2022**

Net Change in Fund Balance - Governmental Funds \$ (178,520)

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlays as expenditures. In the statement of activities, capital outlay is not reported as an expenditure. However, the statement of activities will report, as depreciation expense, the allocation of the cost of any depreciable asset over the estimated useful life of the asset.

Capital Outlay	1,140,590
Depreciation	(273,761)

The issuance of long-term debt (e.g., bonds, leases) provides current financial resources to governmental funds, while the repayment of principal of long-term debt consumes the current financial resources of governmental funds. Neither transactions, however, has any effect on net assets. Also, governmental funds report the effect of premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. The net effect of these differences in the treatment of long-term debt and related items is as follows:

Developer Advances	(740,974)
--------------------	-----------

Some expenses in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.

Interest Payable - Developer Advances - Change in Liability	(162,074)

THOMPSON CROSSING METROPOLITAN DISTRICT NO. 3
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2022

NOTE 1 DEFINITION OF REPORTING ENTITY

Thompson Crossing Metropolitan District No. 3 (the District), a quasi-municipal corporation and political subdivision of the state of Colorado, was organized by order and decree of the District Court for Larimer County on December 17, 2001 and amended on April 24, 2002, and is governed pursuant to provisions of the Colorado Special District Act (Title 32, Article 1, Colorado Revised Statutes). The District was established to provide for the construction, installation, financing, and operation of public improvements, including streets, traffic safety controls, water, sanitary sewer, storm drainage, television relay and translator, transportation, park and recreation facilities, covenant enforcement, security services, and pest control.

Under a Consolidated Service Plan dated August 20, 2001, as modified on October 3, 2005, the District, as the Operating District, was organized in conjunction with five other related districts, Thompson Crossing Metropolitan District No. 1 (Control District), Thompson Crossing Metropolitan District No. 2 (Commercial District), Thompson Crossing Metropolitan District No. 4 (Financing District), Thompson Crossing Metropolitan District No. 5 (Financing District), and Thompson Crossing Metropolitan District No. 6 (Financing District) (collectively, the Districts). The Districts' service area is located entirely within the Town of Johnstown (Town), Larimer County, Colorado.

The District follows the Governmental Accounting Standards Board (GASB) accounting pronouncements which provide guidance for determining which governmental activities, organizations and functions should be included within the financial reporting entity. GASB pronouncements set forth the financial accountability of a governmental organization's elected governing body as the basic criterion for including a possible component governmental organization in a primary government's legal entity. Financial accountability includes, but is not limited to, appointment of a voting majority of the organization's governing body, ability to impose its will on the organization, a potential for the organization to provide specific financial benefits or burdens and fiscal dependency.

The District is not financially accountable for any other organization, nor is the District a component unit of any other primary governmental entity, including the Town and the other Districts.

The District has no employees, and contracts for all of its management and professional services.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The more significant accounting policies of the District are described as follows:

Government-Wide and Fund Financial Statements

The government-wide financial statements include the statement of net position and the statement of activities. These financial statements include all of the activities of the District. The effect of interfund activity has been removed from these statements. Governmental activities are normally supported by taxes and intergovernmental revenues.

THOMPSON CROSSING METROPOLITAN DISTRICT NO. 3
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2022

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Government-Wide and Fund Financial Statements (Continued)

The statement of net position reports all financial and capital resources of the District. The difference between the sum of assets and deferred outflows and the sum of liabilities and deferred inflows is reported as net position.

The statement of activities demonstrates the degree to which the direct and indirect expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include: 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services or privileges provided by a given function or segment, and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds. Major individual governmental funds are reported as separate columns in the fund financial statements.

Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. The major sources of revenue susceptible to accrual are property taxes, specific ownership taxes, and system development fees. All other revenue items are considered to be measurable and available only when cash is received by the District. Expenditures, other than interest on long-term obligations, are recorded when the liability is incurred, or the long-term obligation is due.

The District reports the following major governmental funds:

The General Fund is the District's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The Special Revenue Fund is used to account for revenues earned and expenditures incurred in connection with the operation and maintenance of the Carriage Homes community.

The Capital Projects Fund accounts for the resources and payments made on capital projects within the District.

NOTES TO BASIC FINANCIAL STATEMENTS

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Measurement Focus, Basis of Accounting, and Financial Statement Presentation (Continued)

Additionally, the District reports the following fund type:

Fiduciary Fund

Custodial funds are accounted for using the accrual basis of accounting. The fund is used to account for assets held in a trustee capacity by the District in connection with the collection and disbursement of transfer fees imposed on any home resold in the District. A comparison of budgeted and actual amounts is not presented in the financial statements.

Budgets

In accordance with the State Budget Law, the District's Board of Directors holds public hearings in the fall each year to approve the budget and appropriate the funds for the ensuing year. The appropriation is at the total fund expenditures and other financing uses level and lapses at year-end. The District's Board of Directors can modify the budget by line item within the total appropriation without notification. The appropriation can only be modified upon completion of notification and publication requirements. The budget includes each fund on its basis of accounting unless otherwise indicated.

The District amended its annual budget for the year ending December 31, 2022.

Property Taxes

Property taxes are levied by the District's Board of Directors. The levy is based on assessed valuations determined by the County Assessor generally as of January 1 of each year. The levy is normally set by December 15 by certification to the County Commissioners to put the tax lien on the individual properties as of January 1 of the following year. The County Treasurer collects the determined taxes during the ensuing calendar year. The taxes are payable by April 30 or if in equal installments, at the taxpayer's election, in February and June. Delinquent taxpayers are notified in August, and generally sales of the tax liens on delinquent properties are held in November or December. The County Treasurer remits the taxes collected monthly to the District.

Property taxes, net of estimated uncollectible taxes, are recorded initially as deferred inflows of resources in the year they are levied and measurable. The unearned property tax revenues are recorded as revenue in the year they are available or collected.

Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets, are reported in the applicable governmental activities' column in the government-wide financial statements. Capital assets are defined by the District as assets with an initial, individual cost of more than \$5,000. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at acquisition value at the date of donation. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend the life of the asset are not capitalized. Improvements are capitalized and depreciated over the remaining useful lives of the related fixed assets, as applicable.

Capital Assets (Continued)

Depreciation expense has been computed using the straight-line method over the following estimated economic useful lives:

Clubhouse and Pool	30 Years
Parks and Recreation Improvements	20 Years
Security System	10 Years

Deferred Inflow of Resources

In addition to liabilities, the statement of net position reports a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net assets that applies to a future period and so will not be recognized as an inflow of resources (revenue) until that time. The District has two items that qualify for reporting in this category. Accordingly, the items, deferred property tax revenue and prepaid assessments, are deferred and recognized as inflows of resources in the period that the amount becomes available.

District Fees

Thompson Crossing Metropolitan District Nos. 4 and 6 adopted a maintenance fee in the amount of \$85 per month per lot to maintain common areas within the boundaries of the Thompson River Ranch Filing Nos. 9 and 12, which is paid to the District to fund the applicable portion of the cost of the District's maintenance activities related thereto. Thompson Crossing Metropolitan District Nos. 4 and 6 adopted a Second Amended and Restated Joint Resolution of Thompson Crossing Metropolitan District Nos. 4 & 6 Imposing a Monthly Maintenance Fee for Thompson River Ranch Carriage House on February 27, 2023 which raises the fee to \$110 per month, effective April 1, 2023.

The District collects and retains system development fees of \$1,500 at the time of issuance of a building permit for the first 500 single-family units and \$2,000 starting with the 501st single-family unit.

Deficits

The Special Revenue Fund and Capital Projects Fund reported deficits in the fund financial statements as of December 31, 2022. The deficits will be eliminated with the receipt of District Fees and Developer advances in 2023, respectively.

Equity

Net Position

For government-wide presentation purposes when both restricted and unrestricted resources are available for use, it is the District's practice to use restricted resources first, then unrestricted resources as they are needed.

Fund Balance

Fund balance for governmental funds should be reported in classifications that comprise a hierarchy based on the extent to which the government is bound to honor constraints on the specific purposes for which spending can occur. Governmental funds report up to five classifications of fund balance: nonspendable, restricted, committed, assigned, and

Fund Balance (Continued)

unassigned. Because circumstances differ among governments, not every government or every governmental fund will present all of these components. The following classifications describe the relative strength of the spending constraints:

Nonspendable Fund Balance – The portion of fund balance that cannot be spent because it is either not in spendable form (such as prepaid amounts or inventory) or legally or contractually required to be maintained intact.

Restricted Fund Balance – The portion of fund balance that is constrained to being used for a specific purpose by external parties (such as bondholders), constitutional provisions, or enabling legislation.

Committed Fund Balance – The portion of fund balance that can only be used for specific purposes pursuant to constraints imposed by formal action of the government's highest level of decision-making authority, the Board of Directors. The constraint may be removed or changed only through formal action of the Board of Directors.

Assigned Fund Balance – The portion of fund balance that is constrained by the government's intent to be used for specific purposes but is neither restricted nor committed. Intent is expressed by the Board of Directors to be used for a specific purpose. Constraints imposed on the use of assigned amounts are more easily removed or modified than those imposed on amounts that are classified as committed.

Unassigned Fund Balance – The residual portion of fund balance that does not meet any of the criteria described above.

If more than one classification of fund balance is available for use when an expenditure is incurred, it is the District's practice to use the most restrictive classification first.

NOTE 3 CASH AND INVESTMENTS

Cash and investments as of December 31, 2022, are classified in the accompanying financial statements as follows:

Statement of Net Position:

Cash and Investments	\$ 840,012
Cash and Investments - Restricted	<u>37,200</u>
Total Cash and Investments	<u><u>\$ 877,212</u></u>

NOTE 3 CASH AND INVESTMENTS (CONTINUED)

Cash and investments as of December 31, 2022, consist of the following:

Deposits with Financial Institutions	\$ 509,947
Investments	<u>367,265</u>
Total Cash and Investments	<u><u>\$ 877,212</u></u>

Deposits with Financial Institutions

The Colorado Public Deposit Protection Act (PDPA) requires that all units of local government deposit cash in eligible public depositories. Eligibility is determined by state regulators. Amounts on deposit in excess of federal insurance levels must be collateralized. The eligible collateral is determined by the PDPA. PDPA allows the institution to create a single collateral pool for all public funds. The pool for all the uninsured public deposits as a group is to be maintained by another institution or held in trust. The market value of the collateral must be at least 102% of the aggregate uninsured deposits.

The State Commissioners for banks and financial services are required by statute to monitor the naming of eligible depositories and reporting of the uninsured deposits and assets maintained in the collateral pools.

At December 31, 2022, the District's cash deposits had a bank and carrying balance of \$519,795, \$9,848 of which is in the Fiduciary Fund.

Investments

The District has not adopted a formal investment policy; however, the District follows state statutes regarding investments.

The District generally limits its concentration of investments to those noted with an asterisk (*) below, which are believed to have minimal credit risk, minimal interest rate risk and no foreign currency risk. Additionally, the District is not subject to concentration risk or investment custodial risk disclosure requirements for investments that are in the possession of another party.

Colorado revised statutes limit investment maturities to five years or less unless formally approved by the Board of Directors. Such actions are generally associated with a debt service reserve or sinking fund requirements.

Colorado statutes specify investment instruments meeting defined rating and risk criteria in which local governments may invest which include:

- . Obligations of the United States, certain U.S. government agency securities and securities of the World Bank
- . General obligation and revenue bonds of U.S. local government entities
- . Certain certificates of participation
- . Certain securities lending agreements
- . Bankers' acceptances of certain banks
- . Commercial paper

<u>Investment</u>	<u>Maturity</u>	<u>Amount</u>
Colorado Surplus Asset Fund Trust (CSAFE)	Weighted-Average Under 60 days	<u>\$ 367,265</u>

CSAFE

The District invested in the Colorado Surplus Asset Fund Trust (CSAFE) (the Trust), which is an investment vehicle established by state statute for local government entities to pool surplus assets. The State Securities Commissioner administers and enforces all state statutes governing the Trust. The Trust currently offers two portfolios – CSAFE CASH FUND and CSAFE CORE.

CSAFE CASH FUND operations similar to a money market fund, with each share valued at \$1.00. CSAFE may invest in U.S. Treasury securities, repurchase agreements collateralized by U.S. Treasury securities, certain money market funds and highest rated commercial paper, any security allowed under CRS 24-75-601.

CSAFE CORE, a variable Net Asset Value (NAV) Local Government Investment Pool, offers weekly liquidity and is managed to approximate a \$2.00 transactional share price. CSAFE CORE may invest in securities authorized by CRS 24-75-601, including U.S. Treasury securities, repurchase agreements collateralized by U.S. Treasury securities, certain obligations of U.S. government agencies, highest rated commercial paper, and any security allowed under CRS 24-75-601.

A designated custodial bank serves as custodian for CSAFE’s portfolio pursuant to a custodian agreement. The custodian acts as safekeeping agent for CSAFE’s investment portfolio and provides services as the depository in connection with direct investments and withdrawals. The custodian’s internal records segregate investments owned by CSAFE. CSAFE CASH FUND is rated AAmmf and CSAFE CORE is rated AAaf/S1 by Fitch Ratings. CSAFE records its investments at amortized cost and the District records its investments in CSAFE using the amortized cost method. There are no unfunded commitments, the redemption frequency is daily and there is no redemption notice period.

The voters also authorized debt of \$17,000,000 for the cost of operating and maintaining the District's systems.

The Modified Consolidated Service Plan dated October 3, 2005, limits the total principal amount of obligations that the Districts may have outstanding in aggregate at any one time to \$65,000,000, provided that in the case where obligations of the Financing Districts are supporting revenue bonds of the Control District, the Control District revenue bonds shall not be counted. At December 31, 2022, the total outstanding principal obligations of the Districts were \$54,780,000, which includes \$19,810,000 of debt in Thompson Crossing Metropolitan District No. 2, \$31,270,000 in Thompson Crossing Metropolitan District No. 4, and \$3,700,000 in Thompson Crossing Metropolitan District No. 6.

NOTE 6 NET POSITION

The District has net position consisting of three components – net investment in capital assets, restricted, and unrestricted.

Net investment in capital assets consists of capital assets, net of accumulated depreciation and reduced by the outstanding balances of bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets. As of December 31, 2022, the District had net investment in capital assets calculated as follows:

Net Investment in Capital Assets:	
Capital Assets, Net	\$ 4,261,147
Principal Portion of Developer Advances for Capital	<u>(4,127,113)</u>
Net Investment in Capital Assets	<u>\$ 134,034</u>

Restricted net position includes assets that are restricted for use either externally imposed by creditors, grantors, contributors, or laws and regulations of other governments or imposed by law through constitutional provisions or enabling legislation. The District had restricted net position as of December 31, 2022 of \$37,200 for emergencies.

The District has a deficit in unrestricted net position. The deficit was a result of the District being responsible for the repayment of debt issued for public improvements which were conveyed to other governmental entities and which costs were removed from the District's financial records.

NOTE 7 RELATED PARTY

All of the members of the Board of Directors during 2022 were employees of, or consultants to, Clayton Properties Group II, Inc., a Colorado corporation doing business as Oakwood Homes and the major landowner, developer, and home builder of the property within the District and Thompson Crossing Metropolitan District Nos. 4, 5, and 6.

NOTE 8 DISTRICT AGREEMENTS

District Facilities Construction and Service Intergovernmental Agreement

On June 29, 2006, the District entered into a District Facilities Construction and Service Intergovernmental Agreement with Thompson Crossing Metropolitan District No. 4 and Thompson Crossing Metropolitan District No. 5 (Financing Districts). The District Facilities Construction and Service Intergovernmental Agreement was amended and restated on May 21, 2008, to include Thompson Crossing Metropolitan District No. 6 as a Financing District (the Amended Agreement). Under the Amended Agreement, the District will, on behalf of the Financing Districts, contract for and supervise the construction and acquisition of District facilities. The District shall own all the facilities and shall be responsible for the operation and maintenance of all facilities.

NOTE 8 DISTRICT AGREEMENTS (CONTINUED)

District Facilities Construction and Service Intergovernmental Agreement (Continued)

The District facilities are to be financed from the proceeds of general obligation indebtedness to be issued by the Financing Districts. The Financing Districts shall provide for the payment of the capital and service costs or, at the option of any Financing District, may make annual payments to an escrow account for capital costs and to a service fund account for service costs. The amount of payment due under the annual payment option shall not be less than the amounts set forth in the final budget for the budget year, as prepared by the District and approved by the Financing Districts. Once payments have been made to the District, the District shall have sole authority to withdraw monies from the accounts but shall account to the Financing Districts for funds withdrawn and payments made.

The financial obligations of the Financing Districts under this Amended Agreement are general obligations of the Financing Districts and shall be payable from ad valorem taxes generated as a result of the certification by the Financing Districts of a mill levy, except as they may actually be paid from other revenues. The Boards of the Financing Districts shall annually determine, fix, and certify a rate of levy for ad valorem taxes which, when added to other funds of the Financing Districts, will be sufficient to promptly and fully pay the amounts to be paid under this agreement, as well as all other general obligation indebtedness of the Financing Districts, as the same become due.

During 2022, the Financing Districts transferred \$824,999 of net property tax revenues to the District under this agreement.

Advance and Reimbursement Agreement

The District and HC Development & Management Services, Inc. entered into an Advance and Reimbursement Agreement dated October 20, 2005, which was assigned to Oakwood Homes (the Developer) on February 28, 2013, and amended on July 7, 2015 (the AR Agreement). The AR Agreement was assigned to Clayton Properties Group, LLC (Clayton) pursuant to a Bill of Sale and Assignment and Assumption Agreement between inter alia Oakwood Homes and Clayton dated July 3, 2017. The District and Clayton entered into a Second Amendment to the AR Agreement on November 13, 2017, concerning and recognizing the advances made by Clayton, or its predecessors, the reimbursement of the advances by the District, and providing for a current accounting of the amounts owed as of October 31, 2017.

Pursuant to the AR Agreement, the Developer will advance funds to the District for improvements and services related to construction of certain public facilities and for administrative and operating costs associated with the organization and development of the District.

The District will reimburse the Developer for the advances, together with interest at the rate of 3% per annum. The District will make payment for the advances, subject to annual appropriation and budget approval, from funds available within any fiscal year and not otherwise required for operations, capital improvements and debt service costs and expenses of the District. Payments by the District are applied first to interest on, then to principal of the advances.

Facilities Acquisition Agreement

The District and HC Development & Management Services, Inc. entered into a Facilities Acquisition Agreement (the FA Agreement) dated June 29, 2006, The FA Agreement was assigned by HC Development & Management Services, Inc. to Oakwood Homes, LLC on February 28, 2013, and was assigned by Oakwood Homes, LLC to Clayton Properties Group, LLC (Developer) pursuant to a Bill of Sale and Assignment and Assumption Agreement dated July 3, 2017. The District acknowledged and consented to the foregoing assignments by a First Amendment to the Facilities Acquisition Agreement dated March 13, 2018. The FA Agreement provides for the acquisition by the District of certain public improvements and facilities (the Improvements) from the Developer. The District purchased the Improvements from the Developer for the actual construction costs or the fair market value of the Improvements, as confirmed by an independent engineer. Thompson Crossing Metropolitan District No. 4 issued general obligation bonds in June 2006. A portion of the proceeds of the bonds were used to reimburse the Developer for the cost of the Improvements incurred by the Developer at the time.

Intergovernmental Agreement regarding the Payment of Operational and Administrative Costs

An Intergovernmental Agreement regarding the Payment of Operational and Administrative Costs dated November 15, 2006, and as amended and restated on October 12, 2009, was entered into by and among the District, Thompson Crossing Metropolitan District No. 1 (District No. 1), and Thompson Crossing Metropolitan District No. 2 (District No. 2 and collectively with the District and District No. 1, the Districts) (the IGA). For purposes of the IGA, any reference to property located within the District includes all property located within Thompson Crossing Metropolitan District Nos. 3, 4, 5, and 6. District No. 1's sole source of revenue is from the collection of system development fees and sale of sewer certificates (Tap Fees).

Pursuant to the IGA, the District and District No. 2 each agreed to pay to District No. 1, 50% of the cost of continued operation and administration of District No. 1. During 2022, the District transferred \$5,477 to District No. 1. The District and District No. 2 may recover their respective allocated amounts paid to District No. 1 by requesting that a tap surcharge be added to the Tap Fees issued for use within each requesting district. As of December 31, 2022, the District had not requested such a tap surcharge.

The IGA automatically renews for one-year periods unless terminated by any party effective December 31st of the year in which the written notice of termination is given. Upon any Districts' termination of its interest in this IGA, the property within said District shall immediately be subject to imposition of a system development fee in order to provide District No. 1 with adequate revenue to pay for District No. 1's administrative and operational costs.

NOTE 9 RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; thefts of, damage to, or destruction of assets; errors or omissions; injuries to employees; or acts of God.

The District is a member of the Colorado Special Districts Property and Liability Pool (the Pool). The Pool is an organization created by intergovernmental agreement to provide property, liability, public officials' liability, boiler and machinery and workers' compensation coverage to its members. Settled claims have not exceeded this coverage in any of the past three fiscal years.

The District pays annual premiums to the Pool for liability, property, public officials', crime and workers' compensation liability coverage. In the event aggregated losses incurred by the Pool exceed amounts recoverable from reinsurance contracts and funds accumulated by the Pool, the Pool may require additional contributions from the Pool members. Any excess funds which the Pool determines are not needed for purposes of the Pool may be returned to the members pursuant to a distribution formula.

NOTE 10 TAX, SPENDING, AND DEBT LIMITATIONS

Article X, Section 20 of the Colorado Constitution, referred to as the Taxpayer's Bill of Rights (TABOR), contains tax, spending, revenue, and debt limitations which apply to the state of Colorado and all local governments.

Spending and revenue limits are determined based on the prior year's Fiscal Year Spending adjusted for allowable increases based upon inflation and local growth. Fiscal Year Spending is generally defined as expenditures plus reserve increases with certain exceptions. Revenue in excess of the Fiscal Year Spending limit must be refunded unless the voters approve retention of such revenue.

TABOR requires local governments to establish Emergency Reserves. These reserves must be at least 3% of Fiscal Year Spending (excluding bonded debt service). Local governments are not allowed to use the Emergency Reserves to compensate for economic conditions, revenue shortfalls, or salary or benefit increases.

The District's management believes it is in compliance with the provisions of TABOR. However, TABOR is complex and subject to interpretation. Many of the provisions, including the interpretation of how to calculate Fiscal Year Spending limits, will require judicial interpretation.

On November 6, 2001, the District voters passed an election question to increase property taxes \$850,000 annually, without limitation of rate, to pay the District's operations, maintenance, and other expenses. Additionally, the District's electors authorized the District to collect, retain and spend all revenue up to \$102,000,000 annually, other than ad valorem taxes, without regard to any limitations under TABOR.

INDEPENDENT AUDITOR'S REPORT

Board of Directors
Thompson Crossing Metropolitan District No. 4
Larimer County, Colorado

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the governmental activities and each major fund of Thompson Crossing Metropolitan District No. 4 (the District), as of and for the year ended December 31, 2022, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of the District, as of December 31, 2022, and the respective changes in financial position and the budgetary comparison for the General Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

303-905-0809 • info@dazziocpa.com

• Member American Institute of Certified Public Accountants • Member Colorado Society of Certified Public Accountants •

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Management has omitted Management's Discussion and Analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The Supplementary Information, as listed in the table of contents, is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Supplementary Information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual report. The Other Information, as listed in the table of contents, does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

THOMPSON CROSSING METROPOLITAN DISTRICT NO. 4
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2022

NOTE 1 DEFINITION OF REPORTING ENTITY

Thompson Crossing Metropolitan District No. 4 (the District), a quasi-municipal corporation and political subdivision of the state of Colorado, was organized by order and decree of the District Court for Larimer County on November 9, 2005, and is governed pursuant to provisions of the Colorado Special District Act (Title 32, Article 1, Colorado Revised Statutes). The District was established to provide for the construction, installation, financing, and operation of public improvements, including streets, traffic safety controls, water, sanitary sewer, storm drainage, television relay and translator, transportation, park and recreation facilities, and mosquito control within the District.

Under a Consolidated Service Plan dated August 20, 2001, as modified on October 3, 2005, the District was organized in conjunction with five other related districts, Thompson Crossing Metropolitan District No. 1 (Control District), Thompson Crossing Metropolitan District No. 2 (Commercial District), Thompson Crossing Metropolitan District No. 3 (Operating District), Thompson Crossing Metropolitan District No. 5 (Financing District), and Thompson Crossing Metropolitan District No. 6 (Financing District) (collectively, the Districts). The District serves as the Financing District for Thompson Crossing Metropolitan District No. 3. The District's service area is located entirely within the Town of Johnstown (the Town), Larimer County, Colorado.

The District follows the Governmental Accounting Standards Board (GASB) accounting pronouncements which provide guidance for determining which governmental activities, organizations, and functions should be included within the financial reporting entity. GASB pronouncements set forth the financial accountability of a governmental organization's elected governing body as the basic criterion for including a possible component governmental organization in a primary government's legal entity. Financial accountability includes, but is not limited to, appointment of a voting majority of the District's governing body, ability to impose its will on the organization, a potential for the District to provide specific financial benefits or burdens and fiscal dependency.

The District is not financially accountable for any other organization, nor is the District a component unit of any other primary governmental entity, including the Town and the other Thompson Crossing Metropolitan Districts.

The District has no employees, and contracts for all of its management and professional services.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The more significant accounting policies of the District are described as follows:

Government-Wide and Fund Financial Statements

The government-wide financial statements include the statement of net position and the statement of activities. These financial statements include all of the activities of the District. The effect of interfund activity has been removed from these statements. Governmental activities are normally supported by property taxes and intergovernmental revenues.

THOMPSON CROSSING METROPOLITAN DISTRICT NO. 4
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2022

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Government-Wide and Fund Financial Statements (Continued)

The statement of net position reports all financial and capital resources of the District. The difference between the assets, deferred outflow of resources, liabilities, and deferred inflow of resources of the District is reported as net position.

The statement of activities demonstrates the degree to which the direct and indirect expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment, and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for the governmental funds. Major individual governmental funds are reported as separate columns in the fund financial statements.

Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. The major sources of revenue susceptible to accrual are property taxes, specific ownership taxes, and system development fees. All other revenue items are considered to be measurable and available only when cash is received by the District. Expenditures, other than interest on long-term obligations, are recorded when the liability is incurred or the long-term obligation is due.

The District reports the following major governmental funds:

The General Fund is the District's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The Debt Service Fund accounts for the resources accumulated and payments made for principal and interest on long-term general obligation debt of the governmental funds.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Budgets

In accordance with the State Budget Law, the District's Board of Directors holds public hearings in the fall each year to approve the budget and appropriate the funds for the ensuing year. The appropriation is at the total fund expenditures and other financing uses level and lapses at year-end. The District's Board of Directors can modify the budget by line item within the total appropriation without notification. The appropriation can only be modified upon completion of notification and publication requirements. The budget includes each fund on its basis of accounting unless otherwise indicated.

On November 1, 2022, the District adopted a resolution to amend its annual budget for the year ending December 31, 2022.

Pooled Cash and Investments

The District follows the practice of pooling cash and investments of all funds to maximize investment earnings. Except when required by trust or other agreements, all cash is deposited to and disbursed from a single bank account. Cash in excess of immediate operating requirements is pooled for deposit and investment flexibility. Investment earnings are allocated periodically to the participating funds based upon each fund's average equity balance in the total cash and investments.

Property Taxes

Property taxes are levied by the District's Board of Directors. The levy is based on assessed valuations determined by the County Assessor generally as of January 1 of each year. The levy is normally set by December 15 by certification to the County Commissioners to put the tax lien on the individual properties as of January 1 of the following year. The County Treasurer collects the determined taxes during the ensuing calendar year. The taxes are payable by April or if in equal installments, at the taxpayer's election, in February and June. Delinquent taxpayers are notified in August and generally sales of the tax liens on delinquent properties are held in November or December. The County Treasurer remits the taxes collected monthly to the District.

Property taxes, net of estimated uncollectible taxes, are recorded initially as deferred inflow of resources in the year they are levied and measurable. The property tax revenues are recorded as revenue in the year they are available or collected.

System Development Fees and Facilities Fees

System development fees are charged against properties within the District. The system development fee is due at the time of issuance of a building permit. All fees prior to September 5, 2019 were pledged revenue to be used for payment of principal and interest on the Series 2006 bonds. As of September 5, 2019, system development fees are no longer pledged to the District's bonds and all such fees and development fees are repealed. Following September 5, 2019, the District collects and retains a Facilities Fee in the amount of \$500 per residential home for the first 500 homes for which a building permit is issued.

As of December 31, 2022 the District has collected fees for 232 homes.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

District Fees

The District and Thompson Crossing Metropolitan District No. 6 adopted a maintenance fee in the amount of \$85 per month per lot to maintain common areas within the boundaries of the Thompson River Ranch Filing Nos. 9 and 12, which is paid to Thompson Crossing Metropolitan District No. 3 to fund the applicable portion of the cost of the Thompson Crossing Metropolitan District No. 3's maintenance activities related thereto. The District and Thompson Crossing Metropolitan District No. 6 adopted a Second Amended and Restated Joint Resolution of Thompson Crossing Metropolitan District Nos. 4 & 6 Imposing a Monthly Maintenance Fee for Thompson River Ranch Carriage House on February 27, 2023 which raises the fee to \$110 per month, effective April 1, 2023.

Deferred Inflows of Resources

In addition to liabilities, the statement of net position reports a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net assets that applies to a future period and so will not be recognized as an inflow of resources (revenue) until that time. The District has one item that qualifies for reporting in this category. Accordingly, the item, *deferred property tax revenue*, is deferred and recognized as an inflow of resources in the period that the amount becomes available.

Equity

Net Position

For government-wide presentation purposes when both restricted and unrestricted resources are available for use, it is the District's practice to use restricted resources first, then unrestricted resources as they are needed.

Fund Balance

Fund balance for governmental funds should be reported in classifications that comprise a hierarchy based on the extent to which the government is bound to honor constraints on the specific purposes for which spending can occur. Governmental funds report up to five classifications of fund balance: nonspendable, restricted, committed, assigned, and unassigned. Because circumstances differ among governments, not every government or every governmental fund will present all of these components. The following classifications describe the relative strength of the spending constraints:

Nonspendable Fund Balance – The portion of fund balance that cannot be spent because it is either not in spendable form (such as prepaid amounts or inventory) or legally or contractually required to be maintained intact.

Restricted Fund Balance – The portion of fund balance that is constrained to being used for a specific purpose by external parties (such as bondholders), constitutional provisions, or enabling legislation.

**THOMPSON CROSSING METROPOLITAN DISTRICT NO. 4
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2022**

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Equity (Continued)

Fund Balance (Continued)

Committed Fund Balance – The portion of fund balance that can only be used for specific purposes pursuant to constraints imposed by formal action of the government’s highest level of decision-making authority, the Board of Directors. The constraint may be removed or changed only through formal action of the Board of Directors.

Assigned Fund Balance – The portion of fund balance that is constrained by the government’s intent to be used for specific purposes but is neither restricted nor committed. Intent is expressed by the Board of Directors to be used for a specific purpose. Constraints imposed on the use of assigned amounts are more easily removed or modified than those imposed on amounts that are classified as committed.

Unassigned Fund Balance – The residual portion of fund balance that does not meet any of the criteria described above.

If more than one classification of fund balance is available for use when an expenditure is incurred, it is the District’s practice to use the most restrictive classification first.

NOTE 3 CASH AND INVESTMENTS

Cash and investments as of December 31, 2022, are classified in the accompanying financial statements as follows:

Statement of Net Position:

Cash and Investments	\$ 237,252
Cash and Investments - Restricted	1,348,951
Total Cash and Investments	<u>\$ 1,586,203</u>

Cash and investments as of December 31, 2022, consist of the following:

Investments	<u>\$ 1,586,203</u>
-------------	---------------------

Deposits with Financial Institutions

The Colorado Public Deposit Protection Act (PDPA) requires that all units of local government deposit cash in eligible public depositories. Eligibility is determined by state regulators. Amounts on deposit in excess of federal insurance levels must be collateralized. The eligible collateral is determined by the PDPA. PDPA allows the institution to create a single collateral pool for all public funds. The pool for all the uninsured public deposits as a group is to be maintained by another institution or held in trust. The market value of the collateral must be at least 102% of the aggregate uninsured deposits.

The State Commissioners for banks and financial services are required by statute to monitor the naming of eligible depositories and reporting of the uninsured deposits and assets maintained in the collateral pools.

DECEMBER 31, 2022**

NOTE 3 CASH AND INVESTMENTS (CONTINUED)

Deposits with Financial Institutions (Continued)

At December 31, 2022, the District did not have any cash deposits.

Investments

The District has not adopted a formal investment policy; however, the District follows state statutes regarding investments.

The District generally limits its concentration of investments to those noted with an asterisk (*) below, which are believed to have minimal credit risk, minimal interest rate risk, and no foreign currency risk. Additionally, the District is not subject to concentration risk or investment custodial risk disclosure requirements for investments that are in the possession of another party.

Colorado revised statutes limit investment maturities to five years or less unless formally approved by the Board of Directors. Such actions are generally associated with a debt service reserve or sinking fund requirements.

Colorado statutes specify investment instruments meeting defined rating and risk criteria in which local governments may invest which include:

- . Obligations of the United States, certain U.S. government agency securities, and securities of the World Bank
- . General obligation and revenue bonds of U.S. local government entities
- . Certain certificates of participation
- . Certain securities lending agreements
- . Bankers' acceptances of certain banks
- . Commercial paper
- . Written repurchase agreements and certain reverse repurchase agreements collateralized by certain authorized securities
- . Certain money market funds
- . Guaranteed investment contracts
- * Local government investment pools

As of December 31, 2022, the District had the following investments:

CSAFE

The District invested in the Colorado Surplus Asset Fund Trust (CSAFE) (the Trust), which is an investment vehicle established by state statute for local government entities to pool surplus assets. The State Securities Commissioner administers and enforces all state statutes governing the Trust. The Trust currently offers two portfolios – CSAFE CASH FUND and CSAFE CORE.

CSAFE CASH FUND operations similar to a money market fund, with each share valued at \$1.00. CSAFE may invest in U.S. Treasury securities, repurchase agreements collateralized by U.S. Treasury securities, certain money market funds and highest rated commercial paper, any security allowed under CRS 24-75-601.

CSAFE CORE, a variable Net Asset Value (NAV) Local Government Investment Pool, offers weekly liquidity and is managed to approximate a \$2.00 transactional share price. CSAFE CORE may invest in securities authorized by CRS 24-75-601, including U.S. Treasury securities, repurchase agreements collateralized by U.S. Treasury securities, certain obligations of U.S. government agencies, highest rated commercial paper, and any security allowed under CRS 24-75-601.

A designated custodial bank serves as custodian for CSAFE’s portfolio pursuant to a custodian agreement. The custodian acts as safekeeping agent for CSAFE’s investment portfolio and provides services as the depository in connection with direct investments and withdrawals. The custodian’s internal records segregate investments owned by CSAFE. CSAFE CASH FUND is rated AAmmf and CSAFE CORE is rated AAaf/S1 by Fitch Ratings. CSAFE records its investments at amortized cost and the District records its investments in CSAFE using the amortized cost method. There are no unfunded commitments, the redemption frequency is daily and there is no redemption notice period.

General Obligation Bonds

Series 2019 General Obligation Refunding and Improvement Bonds

On September 5, 2019, the District issued \$31,270,000 in Series 2019 General Obligation (Limited Tax Convertible to Unlimited Tax) Refunding and Improvement Bonds, which bear interest of 3.5% to 5.0% (4.0271% yield), payable semi-annually on June 1 and December 1. Annual mandatory sinking fund principal payments are due on December 1, beginning on December 1, 2024. The bonds mature on December 1, 2049.

Proceeds from the sale of the Bonds were used to refund the Series 2006 General Obligations Bonds and to reimburse a portion of public infrastructure costs. A portion of the proceeds were also used to fund an initial deposit to the Surplus Fund and the costs of issuing the Bonds.

The Series 2019 Bonds are secured by and payable solely from Pledged Revenue, which includes property taxes derived from the Required Mill Levy net of the cost of collection, specific ownership taxes allocable to the Required Mill Levy, Capital Fees (not including system development fees, which are not pledged to the payment of the bonds) and any other legally available moneys of the District credited to the Bond Fund. The Required Mill Levy (for debt service) is defined in the Bond Resolution as a mill levy imposed upon all taxable property in the District each year in an amount sufficient to pay the principal of and interest on the Series 2019 Bonds but not in excess of 50 mills and not less than 41.838 mills, as adjusted for changes in the method of calculating assessed valuation after August 20, 2001. The minimum mill levy as currently adjusted is 56.701 mills and the maximum mill levy as currently adjusted is 67.763 mills. Once the Debt to Assessed Ratio on total debt issued is 50% or less, the mill levy may be imposed in an amount sufficient to pay debt service on the Series 2019 Bonds without limitation or rate.

A surplus fund was established as additional security for the bonds and will be used to fund any deficiencies in the amounts required to pay bond principal and interest when due. The surplus fund will be funded up to a maximum amount of \$4,690,500, solely from available Pledged Revenue that is not required to pay the principal or interest on the bonds. The surplus fund will be maintained until the Debt to Assessed Ratio is 50% or less, after which any balances remaining in the surplus fund will be transferred to the District for application to any lawful purpose. The bonds do not have a reserve requirement other than this surplus fund. The balance in the surplus fund is \$1,328,491 as of December 31, 2022.

Authorized Debt

On November 1, 2005, District voters approved debt authorization in the amount of \$520,000,000 for the construction of capital improvements, with an additional \$65,000,000 for refunding debt. The voters also authorized debt of \$65,000,000 for the cost of operating and maintaining the District's systems.

The Modified Consolidated Service Plan dated October 3, 2005, limits the total principal amount of obligations that the Districts may have outstanding in aggregate at any one time to \$65,000,000, provided that in the case where obligations of the Financing Districts are supporting revenue bonds of the Control District, the Control District revenue bonds shall not be counted. At December 31, 2022, the total outstanding principal obligations of the Districts were \$54,780,000, which includes \$19,810,000 of debt in Thompson Crossing Metropolitan District No. 2, \$31,270,000 of debt in the District, and \$3,700,000 in Thompson Crossing Metropolitan District No. 6.

In the future, the District may issue a portion or all of the remaining authorized but unissued general obligation debt for purposes of providing public improvements to support development as it occurs within the District's service area.

NOTE 5 NET POSITION

The District has net position consisting of two components – restricted and unrestricted.

Restricted net position includes assets that are restricted for use either externally imposed by creditors, grantors, contributors, or laws and regulations of other governments or imposed by law through constitutional provisions or enabling legislation. The District had restricted net position as of December 31, 2022 as follows:

Restricted Net Position:

Emergency Reserves	\$ 3,000
Total Restricted Net Position	<u>\$ 3,000</u>

The District has a deficit in unrestricted net position. This deficit amount is a result of the District being responsible for the repayment of bonds issued for public improvements which were conveyed to other governmental entities and which costs were removed from the District's financial records.

NOTE 6 RELATED PARTIES

Certain members of the Board of Directors during 2022 were employees of, or consultants to, Clayton Properties Group II, Inc., a Colorado corporation doing business as Oakwood Homes and the major landowner, developer, and home builder of the property within the District and Thompson Crossing Metropolitan District Nos. 3, 5, and 6.

NOTE 7 DISTRICT AGREEMENTS

District Facilities Construction and Service Intergovernmental Agreement

On June 29, 2006, Thompson Crossing Metropolitan District No. 3 (Operating District) entered into a District Facilities Construction and Service Intergovernmental Agreement with the District and Thompson Crossing Metropolitan District No. 5 (Financing Districts). The District Facilities Construction and Service Intergovernmental Agreement was amended and restated on May 21, 2008, to include Thompson Crossing Metropolitan District No. 6 as a Financing District (the Amended Agreement). Under the Amended Agreement, the Operating District will, on behalf of the Financing Districts, contract for and supervise the construction and acquisition of District facilities, including water, sanitation, street, safety, park and recreation, transportation facilities, programs, and other public infrastructure and services. The Operating District shall own all the facilities and shall be responsible for the operation and maintenance of all facilities.

The District facilities are to be financed from the proceeds of general obligation indebtedness to be issued by the Financing Districts. The Financing Districts, upon execution of the agreement, shall provide for the payment of the capital and service costs or, at the option of any Financing District, may make annual payments to an escrow account for capital costs and to a service fund account for service costs. The amount of payment due under the annual payment option shall not be less than the amounts set forth in the final budget for the budget year, as prepared by the Operating District and approved by the Financing Districts. Once payments have been made to the Operating District, the Operating District shall have sole authority to withdraw monies from the accounts but shall account to the Financing Districts for funds withdrawn and payments made.

The financial obligations of the Financing Districts under this agreement are general obligations of the Financing Districts and shall be payable from ad valorem taxes generated as a result of the certification by the Financing Districts of a mill levy, except as they may actually be paid from other revenues. The Boards of the Financing Districts shall annually determine, fix, and certify a rate of levy for ad valorem taxes which, when added to other funds of the Financing Districts, will be sufficient to promptly and fully pay the amounts to be paid under this agreement, as well as all other general obligation indebtedness of the Financing Districts, as the same become due.

During 2022, the District transferred \$678,796 of service costs to Thompson Crossing Metropolitan District No. 3 under this agreement.

The District certified a general mill levy of 28.718 mills for 2022, of which 2.000 mills were retained to fund capital and/or landscape enhancements within the District. The revenue generated from the 2.000 mills is retained by the District and separate from the revenues collected and transferred to the Operating District under this agreement.

NOTE 7 DISTRICT AGREEMENTS (CONTINUED)

Advance and Reimbursement and Facilities Acquisition Agreement

On August 22, 2019, the District and Clayton Properties Group II, Inc. (the Developer) entered into an Advance and Reimbursement and Facilities Acquisition Agreement whereby the Developer agreed to loan moneys to the District for purposes of funding public infrastructure costs of the District. Under the agreement, construction contracts entered into by the Developer for the benefit of the District are subject to future reimbursement by the District. Interest accrues on advances at 8% per annum. As of December 31, 2022, no amounts are due under this agreement.

NOTE 8 RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; thefts of, damage to, or destruction of assets; errors or omissions; injuries to employees; or acts of God.

The District is a member of the Colorado Special Districts Property and Liability Pool (the Pool). The Pool is an organization created by intergovernmental agreement to provide property, liability, public officials' liability, boiler and machinery, and workers' compensation coverage to its members. Settled claims have not exceeded this coverage in any of the past three fiscal years.

The District pays annual premiums to the Pool for liability, property and public officials' liability coverage. In the event aggregated losses incurred by the Pool exceed amounts recoverable from reinsurance contracts and funds accumulated by the Pool, the Pool may require additional contributions from the Pool members. Any excess funds which the Pool determines are not needed for purposes of the Pool may be returned to the members pursuant to a distribution formula.

NOTE 9 TAX, SPENDING, AND DEBT LIMITATIONS

Article X, Section 20 of the Colorado Constitution, commonly known as the Taxpayer's Bill of Rights (TABOR), contains tax, spending, revenue, and debt limitations which apply to the state of Colorado and all local governments.

Spending and revenue limits are determined based on the prior year's Fiscal Year Spending adjusted for allowable increases based upon inflation and local growth. Fiscal Year Spending is generally defined as expenditures plus reserve increases with certain exceptions. Revenue in excess of the Fiscal Year Spending limit must be refunded unless the voters approve retention of such revenue.

TABOR requires local governments to establish Emergency Reserves. These reserves must be at least 3% of Fiscal Year Spending (excluding bonded debt service). Local governments are not allowed to use the emergency reserves to compensate for economic conditions, revenue shortfalls, or salary or benefit increases.

THOMPSON CROSSING METROPOLITAN DISTRICT NO. 4
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2022

NOTE 9 TAX, SPENDING, AND DEBT LIMITATIONS (CONTINUED)

The District transfers a portion of its operating revenue to the Operating District. Therefore, the Emergency Reserves related to the District's revenues transferred are reported in the Operating District.

The District's management believes it is in compliance with the provisions of TABOR. However, TABOR is complex and subject to interpretation. Many of the provisions, including the interpretation of how to calculate Fiscal Year Spending limits, will require judicial interpretation.

On November 1, 2005, the District voters passed an election question to increase property taxes \$5,000,000 annually, without limitation of rate, to pay the District's operations, maintenance, and other expenses. Additionally, the District's electors authorized the District to collect, retain, and spend all revenue annually, other than ad valorem taxes, without regard to limitations under TABOR.

INDEPENDENT AUDITOR'S REPORT

Board of Directors
Thompson Crossing Metropolitan District No. 6
Larimer County, Colorado

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the governmental activities and each major fund of Thompson Crossing Metropolitan District No. 6 (the District), as of and for the year ended December 31, 2022, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of the District, as of December 31, 2022, and the respective changes in financial position and the budgetary comparison for the General Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

303-905-0809 • info@dazziocpa.com

• Member American Institute of Certified Public Accountants • Member Colorado Society of Certified Public Accountants •

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Management has omitted Management's Discussion and Analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The Supplementary Information, as listed in the table of contents, is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Supplementary Information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual report. The Other Information, as listed in the table of contents, does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

IN FUND BALANCES OF THE GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES
YEAR ENDED DECEMBER 31, 2022**

Net Change in Fund Balances - Governmental Funds \$ 30,814

Amounts reported for governmental activities in the statement of activities are different because:

The issuance of long-term debt (e.g., bonds, leases) provides current financial resources to governmental funds, while the repayment of principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net assets. Also, governmental funds report the effect of premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. The net effect of these differences in the treatment of long-term debt and related items is as follows:

Bond Principal Payment 75,000

Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.

Accrued Interest on Bonds Payable - Change in Liability 188
Amortization of Cost of Refunding (8,133)

THOMPSON CROSSING METROPOLITAN DISTRICT NO. 6
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2022

NOTE 1 DEFINITION OF REPORTING ENTITY

Thompson Crossing Metropolitan District No. 6 (the District), a quasi-municipal corporation and political subdivision of the state of Colorado, was organized by order and decree of the District Court for Larimer County on November 9, 2005 and is governed pursuant to provisions of the Colorado Special District Act (Title 32, Article 1, Colorado Revised Statutes). The District was established to provide for the construction, installation, financing, and operation of public improvements, including streets, traffic safety controls, water, sanitary sewer, storm drainage, television relay and translator, transportation, park and recreation facilities, and mosquito control within the District.

Under the Modified Consolidated Service Plan dated August 20, 2001, as modified on October 3, 2005, the District was organized in conjunction with five other related districts, Thompson Crossing Metropolitan District No. 1 (Control District), Thompson Crossing Metropolitan District No. 2 (Commercial District), Thompson Crossing Metropolitan District No. 3 (Operating District), Thompson Crossing Metropolitan District No. 4 (Financing District), and Thompson Crossing Metropolitan District No. 5 (Financing District) (collectively, the Districts). The District serves as a financing district for Thompson Crossing Metropolitan District No. 3. The District's service area is located entirely within the Town of Johnstown (the Town), Larimer County, Colorado.

The District follows the Governmental Accounting Standards Board (GASB) accounting pronouncements which provide guidance for determining which governmental activities, organizations and functions should be included within the financial reporting entity. GASB pronouncements set forth the financial accountability of a governmental organization's elected governing body as the basic criterion for including a possible component governmental organization in a primary government's legal entity. Financial accountability includes, but is not limited to, appointment of a voting majority of the organization's governing body, ability to impose its will on the organization, a potential for the organization to provide specific financial benefits or burdens and fiscal dependency.

The District is not financially accountable for any other organization, nor is the District a component unit of any other primary governmental entity, including the Town and the other Districts.

The District has no employees, and contracts for all of its management and professional services.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The more significant accounting policies of the District are described as follows:

Government-Wide and Fund Financial Statements

The government-wide financial statements include the statement of net position and the statement of activities. These financial statements include all of the activities of the District. The effect of interfund activity has been removed from these statements. Governmental activities are normally supported by property taxes and intergovernmental revenues.

THOMPSON CROSSING METROPOLITAN DISTRICT NO. 6
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2022

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Government-Wide and Fund Financial Statements (Continued)

The statement of net position reports all financial and capital resources of the District. The difference between the assets, deferred outflow of resources, liabilities, and deferred inflow of resources of the District is reported as net position.

The statement of activities demonstrates the degree to which the direct and indirect expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment, and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for the governmental funds. Major individual governmental funds are reported as separate columns in the fund financial statements.

Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. The major sources of revenue susceptible to accrual are property taxes, specific ownership taxes, and Development Fees. All other revenue items are considered to be measurable and available only when cash is received by the District. Expenditures, other than interest on long-term obligations, are recorded when the liability is incurred, or the long-term obligation is due.

The District reports the following major governmental funds:

The General Fund is the District's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The Debt Service Fund accounts for the resources accumulated and payments made for principal and interest on long-term general obligation debt of the governmental funds.

NOTES TO BASIC FINANCIAL STATEMENTS

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Budgets

In accordance with the State Budget Law, the District's Board of Directors holds public hearings in the fall each year to approve the budget and appropriate the funds for the ensuing year. The appropriation is at the total fund expenditures and other financing uses level and lapses at year-end. The District's Board of Directors can modify the budget by line item within the total appropriation without notification. The appropriation can only be modified upon completion of notification and publication requirements. The budget includes each fund on its basis of accounting unless otherwise indicated.

Pooled Cash and Investments

The District follows the practice of pooling cash and investments of all funds to maximize investment earnings. Except when required by trust or other agreements, all cash is deposited to and disbursed from a single bank account. Cash in excess of immediate operating requirements is pooled for deposit and investment flexibility. Investment earnings are allocated periodically to the participating funds based upon each fund's average equity balance in the total cash and investments.

Property Taxes

Property taxes are levied by the District's Board of Directors. The levy is based on assessed valuations determined by the County Assessor generally as of January 1 of each year. The levy is normally set by December 15 by certification to the County Commissioners to put the tax lien on the individual properties as of January 1 of the following year. The County Treasurer collects the determined taxes during the ensuing calendar year. The taxes are payable by April or if in equal installments, at the taxpayer's election, in February and June. Delinquent taxpayers are notified in August and generally sales of the tax liens on delinquent properties are held in November or December. The County Treasurer remits the taxes collected monthly to the District.

Property taxes, net of estimated uncollectible taxes, are recorded initially as deferred inflow of resources in the year they are levied and measurable. The property tax revenues are recorded as revenue in the year they are available or collected.

Amortization

Original Issue Premium

In the government-wide financial statements, bond premiums are deferred and amortized over the life of the bonds using the effective interest method.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as expenditures.

NOTES TO BASIC FINANCIAL STATEMENTS

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Amortization (Continued)

Cost of Bond Refunding

In the government-wide financial, the deferred cost of bond refunding is being amortized using the interest method over the life of the new bonds. The amortization amount is a component of interest expense, and the unamortized deferred cost is reflected as a deferred outflow of resources.

Deferred Outflows of Resources

In addition to assets, the statement of net position reports a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net assets that applies to a future period and so will not be recognized as an outflow of resources (expenditure) until that time. The District has one item that qualifies for reporting in this category. Accordingly, the item, cost of refunding, is deferred and recognized as an outflow of resources in the period that the amounts are incurred.

Deferred Inflows of Resources

In addition to liabilities, the statement of net position reports a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net assets that applies to a future period and so will not be recognized as an inflow of resources (revenue) until that time. The District has one item that qualifies for reporting in this category. Accordingly, the item, *deferred property tax revenue*, is deferred and recognized as an inflow of resources in the period that the amount becomes available.

District Fees

The District and Thompson Crossing Metropolitan District No. 4 adopted a maintenance fee in the amount of \$85 per month per lot to maintain common areas within the boundaries of the Thompson River Ranch Filing Nos. 9 and 12, which is paid to Thompson Crossing Metropolitan District No. 3 to fund the applicable portion of the cost of the Thompson Crossing Metropolitan District No. 3's maintenance activities related thereto. The District and Thompson Crossing Metropolitan District No. 4 adopted a Second Amended and Restated Joint Resolution of Thompson Crossing Metropolitan District Nos. 4 & 6 Imposing a Monthly Maintenance Fee for Thompson River Ranch Carriage House on February 27, 2023 which raises the fee to \$110 per month, effective April 1, 2023.

Equity

Net Position

For government-wide presentation purposes when both restricted and unrestricted resources are available for use, it is the District's practice to use restricted resources first, then unrestricted resources as they are needed.

Fund Balance

Fund balance for governmental funds should be reported in classifications that comprise a hierarchy based on the extent to which the government is bound to honor constraints on the specific purposes for which spending can occur. Governmental funds report up to five classifications of fund balance: nonspendable, restricted, committed, assigned, and unassigned. Because circumstances differ among governments, not every government or every governmental fund will present all of these components. The following classifications describe the relative strength of the spending constraints:

Nonspendable Fund Balance – The portion of fund balance that cannot be spent because it is either not in spendable form (such as prepaid amounts or inventory) or legally or contractually required to be maintained intact.

Restricted Fund Balance – The portion of fund balance that is constrained to being used for a specific purpose by external parties (such as bondholders), constitutional provisions, or enabling legislation.

Committed Fund Balance – The portion of fund balance that can only be used for specific purposes pursuant to constraints imposed by formal action of the government's highest level of decision-making authority, the Board of Directors. The constraint may be removed or changed only through formal action of the Board of Directors.

Assigned Fund Balance – The portion of fund balance that is constrained by the government's intent to be used for specific purposes but is neither restricted nor committed. Intent is expressed by the Board of Directors to be used for a specific purpose. Constraints imposed on the use of assigned amounts are more easily removed or modified than those imposed on amounts that are classified as committed.

Unassigned Fund Balance – The residual portion of fund balance that does not meet any of the criteria described above.

If more than one classification of fund balance is available for use when an expenditure is incurred, it is the District's practice to use the most restrictive classification first.

NOTE 3 CASH AND INVESTMENTS (CONTINUED)

Cash and investments as of December 31, 2022, consist of the following:

Investments	<u>\$ 354,779</u>

Deposits with Financial Institutions

The Colorado Public Deposit Protection Act (PDPA) requires that all units of local government deposit cash in eligible public depositories. Eligibility is determined by state regulators. Amounts on deposit in excess of federal insurance levels must be collateralized. The eligible collateral is determined by the PDPA. PDPA allows the institution to create a single collateral pool for all public funds. The pool for all the uninsured public deposits as a group is to be maintained by another institution or held in trust. The market value of the collateral must be at least 102% of the aggregate uninsured deposits.

The State Commissioners for banks and financial services are required by statute to monitor the naming of eligible depositories and reporting of the uninsured deposits and assets maintained in the collateral pools.

At December 31, 2022, the District did not have any cash deposits.

Investments

The District has not adopted a formal investment policy; however, the District follows state statutes regarding investments.

The District generally limits its concentration of investments to those noted with an asterisk (*) below, which are believed to have minimal credit risk, minimal interest rate risk, and no foreign currency risk. Additionally, the District is not subject to concentration risk or investment custodial risk disclosure requirements for investments that are in the possession of another party.

Colorado revised statutes limit investment maturities to five years or less unless formally approved by the Board of Directors. Such actions are generally associated with a debt service reserve or sinking fund requirements.

Colorado statutes specify investment instruments meeting defined rating and risk criteria in which local governments may invest which include:

- . Obligations of the United States, certain U.S. government agency securities, and securities of the World Bank
- . General obligation and revenue bonds of U.S. local government entities
- . Certain certificates of participation
- . Certain securities lending agreements
- . Bankers' acceptances of certain banks

Investments (Continued)

- . Commercial paper
- . Written repurchase agreements and certain reverse repurchase agreements collateralized by certain authorized securities
- . Certain money market funds
- . Guaranteed investment contracts

As of December 31, 2022, the District had the following investments:

<u>Investment</u>	<u>Maturity</u>	<u>Amount</u>
Colorado Surplus Asset Fund Trust (CSAFE)	Weighted-Average Under 60 Days	\$ 354,779

CSAFE

The District invested in the Colorado Surplus Asset Fund Trust (CSAFE) (the Trust), which is an investment vehicle established by state statute for local government entities to pool surplus assets. The State Securities Commissioner administers and enforces all state statutes governing the Trust. The Trust currently offers two portfolios – CSAFE CASH FUND and CSAFE CORE.

CSAFE CASH FUND operations similar to a money market fund, with each share valued at \$1.00. CSAFE may invest in U.S. Treasury securities, repurchase agreements collateralized by U.S. Treasury securities, certain money market funds and highest rated commercial paper, any security allowed under CRS 24-75-601.

CSAFE CORE, a variable Net Asset Value (NAV) Local Government Investment Pool, offers weekly liquidity and is managed to approximate a \$2.00 transactional share price. CSAFE CORE may invest in securities authorized by CRS 24-75-601, including U.S. Treasury securities, repurchase agreements collateralized by U.S. Treasury securities, certain obligations of U.S. government agencies, highest rated commercial paper, and any security allowed under CRS 24-75-601.

A designated custodial bank serves as custodian for CSAFE’s portfolio pursuant to a custodian agreement. The custodian acts as safekeeping agent for CSAFE’s investment portfolio and provides services as the depository in connection with direct investments and withdrawals. The custodian’s internal records segregate investments owned by CSAFE. CSAFE CASH FUND is rated AAmmf and CSAFE CORE is rated AAaf/S1 by Fitch Ratings. CSAFE records its investments at amortized cost and the District records its investments in CSAFE using the amortized cost method. There are no unfunded commitments, the redemption frequency is daily and there is no redemption notice period.

The details of the District's long-term obligations are as follows:

\$3,835,000 General Obligation (Limited Tax Convertible to Unlimited Tax) Refunding and Improvement Bonds, Series 2020

On November 6, 2020, the District issued \$3,835,000 General Obligation (Limited Tax Convertible to Unlimited Tax) Refunding and Improvement Bonds, Series 2020 (the 2020 Bonds). The proceeds from the 2020 Bonds were used to (a) reimburse certain costs of Public Improvements, (b) refund the 2015A Senior Bonds in the principal amount of \$2,840,000 which had an interest rate of 6.00% and the 2015B Subordinate Bonds in the principal amount of \$784,000 and had an interest rate of 7.75% (together, the Refunded Bonds), (c) fund the Reserve Fund, and (d) pay the costs of issuing the 2020 Bonds and refunding the Refunded Bonds. The average interest rate on the 2020 Bonds is 4.34%.

The 2020 Bonds bear interest at rates ranging from 3.0% to 5.0%, payable semi-annually to the extent of Pledged Revenue available on June 1 and December 1, beginning on December 1, 2020. Annual mandatory sinking fund principal payments are due on December 1, beginning on December 1, 2021. The 2020 Bonds mature on December 1, 2044.

In the event principal on the Bonds is not paid when due, such principal shall remain outstanding and continue to bear interest at the rate then borne by the Bonds. To the extent interest on the Bonds is not paid when due, such unpaid interest will compound semiannually on each June 1 and December 1, at the interest rate borne by the Bonds.

Optional Redemption

The Bonds are subject to redemption prior to maturity, at the option of the District, on December 1, 2030, and on any date thereafter, upon payment of par and accrued interest, without redemption premium.

NOTE 4 LONG-TERM OBLIGATIONS (CONTINUED)

\$3,835,000 General Obligation (Limited Tax Convertible to Unlimited Tax) Refunding and Improvement Bonds, Series 2020 (Continued)

Pledged Revenue

The Bonds are secured by and payable solely from and to the extent of Pledged Revenue, generally consisting of moneys derived from:

- (a) the Required Mill Levy;
- (b) the portion of the Specific Ownership Tax which is collected as a result of the imposition of the Required Mill Levy; and
- (c) any other legally available moneys that the District determines, in its absolute discretion, to transfer to the Trustee for application as Pledged Revenue.

Required Mill Levy

Prior to the time that the District's Debt to Assessed Value Ratio is 50% or less (the Conversion Date), the Required Mill Levy is an ad valorem mill levy imposed upon all taxable property of the District each year in an amount sufficient to pay the principal and interest on the Bonds as they become due and, if necessary, to replenish the Reserve Fund to the amount of the Required Reserve, but not in excess of 50 mills (subject to adjustment for changes in the method of calculating assessed valuation after August 20, 2001). The Required Mill Levy is net of the collection costs of the County and any tax refunds or abatements authorized by or on behalf of the County. The current maximum mill levy, as adjusted, is 68.601.

On and after the Conversion Date, the Required Mill Levy shall be unlimited and imposed in such amount as is necessary to pay the Bond Requirements as they come due and to replenish the Reserve Fund to the amount of the Required Reserve, if necessary.

Debt to Assessed Ratio

The Debt to Assessed Ratio is derived by dividing the sum of the then-outstanding principal amount of all general obligation debt of the District by the assessed valuation of the taxable property of the District.

Reserve Fund

The Bonds are further secured by the Reserve Fund in the Required Reserve Amount of \$298,750. The Reserve Fund is to be maintained in the amount of the Required Reserve for so long as the Bonds are outstanding.

Authorized Debt

On November 1, 2005, District voters approved debt authorization in the amount of \$520,000,000 for the construction of capital improvements, with an additional \$65,000,000 for refunding debt. The voters also authorized debt of \$65,000,000 for the cost of operating and maintaining the District's systems.

The Modified Consolidated Service Plan dated October 3, 2005, limits the total principal amount of obligations that the Districts may have outstanding in aggregate at any one time to \$65,000,000, provided that in the case where obligations of the Financing Districts are supporting revenue bonds of the Control District, the Control District revenue bonds shall not be counted. At December 31, 2022, the total outstanding principal obligations of the Districts were \$54,780,000, which includes \$19,810,000 of debt in Thompson Crossing Metropolitan District No. 2 and \$31,270,000 in Thompson Crossing Metropolitan District No. 4.

The District had authorized but unissued debt at December 31, 2022, for the following detailed purposes:

NOTE 4 LONG-TERM OBLIGATIONS (CONTINUED)

\$3,835,000 General Obligation (Limited Tax Convertible to Unlimited Tax) Refunding and Improvement Bonds, Series 2020 (Continued)

Authorized Debt (Continued)

In the future, the District may issue a portion or all of the remaining authorized but unissued general obligation debt for purposes of providing public improvements to support development as it occurs within the District's service area.

NOTE 5 NET POSITION

The District has net position consisting of two components – restricted and unrestricted.

Restricted net position includes assets that are restricted for use either externally imposed by creditors, grantors, contributors, or laws and regulations of other governments or imposed by law through constitutional provisions or enabling legislation. The District had restricted net position as of December 31, 2022 as follows:

Restricted Net Position:

Emergency Reserves	\$ 700
Total Restricted Net Position	<u>\$ 700</u>

The District has a deficit in unrestricted net position. This deficit amount is a result of the District being responsible for the repayment of bonds issued for public improvements which were conveyed to other governmental entities and which costs were removed from the District's financial records.

NOTE 6 RELATED PARTIES

Some of the members of the Board of Directors during 2022 were employees of, or consultants to, Clayton Properties Group II, Inc., a Colorado corporation doing business as Oakwood Homes and the major landowner, developer, and home builder of the property within Thompson Crossing Metropolitan District Nos. 3, 4, 5, and 6.

NOTE 7 DISTRICT AGREEMENTS

District Facilities Construction and Service Intergovernmental Agreement

On June 29, 2006, Thompson Crossing Metropolitan District No. 3 (Operating District) entered into a District Facilities Construction and Service Intergovernmental Agreement with Thompson Crossing Metropolitan District No. 4 and Thompson Crossing Metropolitan District No. 5 (Financing Districts). The District Facilities Construction and Service Intergovernmental Agreement was amended and restated on May 21, 2008, to include the District as a Financing District (the Amended Agreement). Under the Amended Agreement, the Operating District will, on behalf of the Financing Districts, contract for and supervise the construction and acquisition of District facilities. The Operating District shall own all the facilities and shall be responsible for the operation and maintenance of all facilities.

NOTE 7 DISTRICT AGREEMENTS (CONTINUED)

District Facilities Construction and Service Intergovernmental Agreement (Continued)

The District facilities are to be financed from the proceeds of general obligation indebtedness to be issued by the Financing Districts. The Financing Districts shall provide for the payment of the capital and service costs or, at the option of any Financing District, may make annual payments to an escrow account for capital costs and to a service fund account for service costs. The amount of payment due under the annual payment option shall not be less than the amounts set forth in the final budget for the budget year, as prepared by the Operating District and approved by the Financing Districts. Once payments have been made to the Operating District, the Operating District shall have sole authority to withdraw monies from the accounts but shall account to the Financing Districts for funds withdrawn and payments made.

The financial obligations of the Financing Districts under this Amended Agreement are general obligations of the Financing Districts and shall be payable from ad valorem taxes generated as a result of the certification by the Financing Districts of a mill levy, except as they may actually be paid from other revenues. The Boards of the Financing Districts shall annually determine, fix, and certify a rate of levy for ad valorem taxes which, when added to other funds of the Financing Districts, will be sufficient to promptly and fully pay the amounts to be paid under this agreement, as well as all other general obligation indebtedness of the Financing Districts, as the same become due.

During 2022, the District transferred \$146,065 of service costs to the Operating District under this agreement.

The District certified a general mill levy of 30.718 mills for 2022, of which 4.000 mills were retained to fund capital and/or landscape enhancements within the District. The revenue generated from the 4.000 mills is retained by the District and separate from the revenues collected and transferred to the Operating District under this agreement.

NOTE 8 RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; thefts of, damage to, or destruction of assets; errors or omissions; injuries to employees; or acts of God.

The District is a member of the Colorado Special Districts Property and Liability Pool (the Pool). The Pool is an organization created by intergovernmental agreement to provide property, liability, public officials' liability, boiler and machinery, and workers' compensation coverage to its members. Settled claims have not exceeded this coverage in any of the past three fiscal years.

The District pays annual premiums to the Pool for liability, property, public officials', crime, and workers' compensation liability coverage. In the event aggregated losses incurred by the Pool exceed amounts recoverable from reinsurance contracts and funds accumulated by the Pool, the Pool may require additional contributions from the Pool members. Any excess funds which the Pool determines are not needed for purposes of the Pool may be returned to the members pursuant to a distribution formula.

NOTE 9 TAX, SPENDING, AND DEBT LIMITATIONS

Article X, Section 20 of the Colorado Constitution, referred to as the Taxpayer's Bill of Rights (TABOR), contains tax, spending, revenue, and debt limitations which apply to the state of Colorado and all local governments.

Spending and revenue limits are determined based on the prior year's Fiscal Year Spending adjusted for allowable increases based upon inflation and local growth. Fiscal Year Spending is generally defined as expenditures plus reserve increases with certain exceptions. Revenue in excess of the Fiscal Year Spending limit must be refunded unless the voters approve retention of such revenue.

TABOR requires local governments to establish Emergency Reserves. These reserves must be at least 3% of Fiscal Year Spending (excluding bonded debt service). Local governments are not allowed to use the Emergency Reserves to compensate for economic conditions, revenue shortfalls, or salary or benefit increases.

The District transfers all of its General Fund revenue to the Operating District. Therefore, no Emergency Reserve has been provided for by the District. The Emergency Reserve related to the District's revenue stream is captured in the Operating District.

The District's management believes it is in compliance with the provisions of TABOR. However, TABOR is complex and subject to interpretation. Many of the provisions, including the interpretation of how to calculate Fiscal Year Spending limits, will require judicial interpretation.

On November 1, 2005, the District voters passed an election question to increase property taxes \$5,000,000 annually, without limitation of rate, to pay the District's operations, maintenance, and other expenses. Additionally, the District's electors authorized the District to collect, retain and spend all revenue annually, other than ad valorem taxes, without regard to any limitations under TABOR.

Electronic Record and Signature Disclosure

ELECTRONIC RECORD AND SIGNATURE DISCLOSURE

From time to time, CliftonLarsonAllen LLP (we, us or Company) may be required by law to provide to you certain written notices or disclosures. Described below are the terms and conditions for providing to you such notices and disclosures electronically through the DocuSign system. Please read the information below carefully and thoroughly, and if you can access this information electronically to your satisfaction and agree to this Electronic Record and Signature Disclosure (ERSD), please confirm your agreement by selecting the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

Getting paper copies

At any time, you may request from us a paper copy of any record provided or made available electronically to you by us. You will have the ability to download and print documents we send to you through the DocuSign system during and immediately after the signing session and, if you elect to create a DocuSign account, you may access the documents for a limited period of time (usually 30 days) after such documents are first sent to you. After such time, if you wish for us to send you paper copies of any such documents from our office to you, you will be charged a \$0.00 per-page fee. You may request delivery of such paper copies from us by following the procedure described below.

Withdrawing your consent

If you decide to receive notices and disclosures from us electronically, you may at any time change your mind and tell us that thereafter you want to receive required notices and disclosures only in paper format. How you must inform us of your decision to receive future notices and disclosure in paper format and withdraw your consent to receive notices and disclosures electronically is described below.

Consequences of changing your mind

If you elect to receive required notices and disclosures only in paper format, it will slow the speed at which we can complete certain steps in transactions with you and delivering services to you because we will need first to send the required notices or disclosures to you in paper format, and then wait until we receive back from you your acknowledgment of your receipt of such paper notices or disclosures. Further, you will no longer be able to use the DocuSign system to receive required notices and consents electronically from us or to sign electronically documents from us.

All notices and disclosures will be sent to you electronically

Unless you tell us otherwise in accordance with the procedures described herein, we will provide electronically to you through the DocuSign system all required notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you during the course of our relationship with you. To reduce the chance of you inadvertently not receiving any notice or disclosure, we prefer to provide all of the required notices and disclosures to you by the same method and to the same address that you have given us. Thus, you can receive all the disclosures and notices electronically or in paper format through the paper mail delivery system. If you do not agree with this process, please let us know as described below. Please also see the paragraph immediately above that describes the consequences of your electing not to receive delivery of the notices and disclosures electronically from us.
