RESOLUTION

WHEREAS, the Board of Directors (the "Board") of the Thompson Crossing Metropolitan District No. 4 (the "District") has authorized its treasurer and accountant to prepare and submit a proposed budget to said governing body at the proper time; and

WHEREAS, the proposed budget was submitted to the Board for its review and consideration on or before October 15, 2023; and

WHEREAS, the proposed budget is more than fifty thousand dollars (\$50,000.00), due and proper notice was published on Thursday, October 19, 2023, in *The Johnstown Breeze*, indicating (i) the date and time of the hearing at which the adoption of the proposed budget will be considered; (ii) that the proposed budget is available for inspection by the public at a designated place; (iii) that any interested elector of the District may file any objections to the proposed budget at any time prior to the final adoption of the budget by the District; and (iv) if applicable, the amount of the District's increased property tax revenues resulting from a request to the Division of Local Government pursuant to Section 29-1-302(1), C.R.S.; and an original publisher's Affidavit of Publication is attached hereto as Exhibit A and incorporated herein by this reference; and

WHEREAS, the proposed budget was open for inspection by the public at the designated place; and

WHEREAS, a public hearing was held on Tuesday, November 7, 2023 and interested electors were given the opportunity to file or register any objections to said proposed budget and any such objections were considered by the Board; and

WHEREAS, the budget being adopted by the Board has been prepared based on the best information available to the Board regarding the effects of Section 29-1-301, C.R.S., and Article X, Section 20 of the Colorado Constitution; and

WHEREAS, whatever increases may have been made in the expenditures, like increases were added to the revenues so that the budget remains in balance, as required by law; and

WHEREAS, pursuant to Section 29-1-113(1), C.R.S., the Board shall cause a certified copy of the budget, including the budget message and any resolutions adopting the budget, appropriating moneys and fixing the rate of any mill levy, to be filed with the Division of Local Government within thirty (30) days following the beginning of the fiscal year of the budget adopted; and

WHEREAS, pursuant to Section 32-1-1201, C.R.S., the Board shall determine in each year the amount of money necessary to be raised by taxation, taking into consideration those items required by law, and shall certify the rate so fixed to the board of county commissioners of each county within the District or having a portion of its territory within the District.

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF DIRECTORS OF THE THOMPSON CROSSING METROPOLITAN DISTRICT NO. 4, TOWN OF JOHNSTOWN, LARIMER COUNTY, COLORADO:

- Section 1. <u>Summary of 2024 Revenues and 2024 Expenditures</u>. That the estimated revenues and expenditures for each fund for fiscal year 2024, as more specifically set forth in the budget attached hereto as Exhibit B and incorporated herein by this reference, are accepted and approved.
- Section 2. <u>Adoption of Budget</u>. That the budget as submitted, and if amended, then as amended, and attached hereto as Exhibit B and is approved and adopted as the budget of the District for fiscal year 2024. In the event the final assessed valuation provided by the Larimer County Assessor's Office differs from the assessed valuation used in the proposed budget, the District's accountant is hereby directed to modify and/or adjust the budget and mill levy certification as needed to reflect the final assessed valuation without the need for additional Board authorization.
- Senate Bill 23-303 and Proposition HH. That the passage of Proposition Section 3. HH at the November 7, 2023 general election would result in the implementation of various provisions of Senate Bill 23-303 which will impact the District's budget, including, but not limited to, the addition of Section 29-1-306, C.R.S., which limits the increase in the District's property tax revenue to no more than a prescribed inflation amount subject to exclusion of revenue from certain sources. That, as part of the preparation of the proposed budget and as included in Exhibit B, the District's accountant calculated the "property tax limit" as defined in and in the manner set forth in Section 29-1-306, C.R.S. and has determined that the District's property tax revenue for property tax year 2023 will not increase by more than "inflation" (as defined in in Section 29-1-306(1)(a), C.R.S.) from the District's property tax revenue for the property tax year 2022 and therefore the property tax limit will not be exceeded by imposition of the mill levies included in the budget of the District for fiscal year 2024. In performing the property tax limit calculation, the District has directed that for purposes of Section 29-1-306(2)(b), C.R.S. the most recently published estimate of inflation for the 2022 calendar year available at the time of preparation of the 2024 budget be utilized by the District's accountant. Finally, that the due to the timing of the November 7, 2023 general election and the requirement that the District be provided a proposed budget for its review and consideration on or before October 15, 2023, the District's accountant

has made a good faith effort and used the best information available at the time of preparation of the budget to provide the District with alternative scenarios showing a proposed budget and mill levies for fiscal year 2024 in the event that Proposition HH passes and alternatively in the event that Proposition HH does not pass. Due to the uncertainty of the outcome of the passage of Proposition HH and the significant possibility that the final assessed valuations differ from the preliminary assessed valuations, once the outcome of Proposition HH is known and the final assessed valuations are provided by the Larimer County Assessor's Office, the District's accountant is hereby directed to modify and/or adjust the budget and mill levy certification as needed to reflect the final assessed valuation without the need for additional Board authorization.

- Section 4. <u>Appropriations</u>. That the amounts set forth as expenditures and balances remaining, as specifically allocated in the budget attached, are hereby appropriated from the revenue of each fund, to each fund, for the purposes stated and no other.
- Section 5. <u>Budget Certification</u>. That the budget shall be certified by Greg Saia, Secretary of the District, and made a part of the public records of the District and a certified copy of the approved and adopted budget shall be filed with the Division of Local Government.
- Section 6. 2024 Levy of General Property Taxes. That the attached budget indicates that the amount of money from general property taxes necessary to balance the budget for the General Fund for operating expenses is \$1,060,054 and that the 2023 valuation for assessment, as certified by the Larimer County Assessor, is \$34,833,517. That for the purposes of meeting all general operating expenses of the District during the 2024 budget year, there is hereby levied a tax of 30.432 mills upon each dollar of the total valuation of assessment of all taxable property within the District for the year 2024.
- Section 7. <u>2024 Levy of Debt Retirement Expenses</u>. That the attached budget indicates that the amount of money from general property taxes necessary to balance the budget for the Debt Service Fund for debt retirement expense is \$2,271,215 and that the 2023 valuation for assessment, as certified by the Larimer County Assessor, is \$34,833,517. That for the purposes of meeting all debt retirement expenses of the District during the 2024 budget year, there is hereby levied a tax of 65.202 mills upon each dollar of the total valuation of assessment of all taxable property within the District for the year 2024.
- Section 8. <u>2024 Mill Levy Adjustment</u>. The Board may adjust the mill levy, as specifically set forth in the District's Service Plan (the "Adjusted Mill Levy"). The Board hereby determines in good faith to establish the Adjusted Mill Levy as set forth in the mill levy certification attached hereto as Exhibit C pursuant to the authority granted by its Service Plan to ensure that the District's revenues shall be neither diminished nor enhanced as a result of the changes effecting the mill levy. Subject to adjustment and finalization by the District's accountant in accordance with Sections 2 and 3 hereof, the Board further authorizes that the Adjusted Mill Levy be reflected in the District's Certification of Tax Levies to be submitted to the Board of County Commissioners of Larimer County on or before December 15, 2023, for collection in 2024.
- Section 9. <u>Certification to County Commissioners</u>. That the Board Secretary and/or District's accountant are hereby authorized and directed to immediately certify to the Board of

County Commissioners of Larimer County, the mill levy for the District hereinabove determined and set. That said certification shall be in substantially the following form attached hereto as Exhibit C and incorporated herein by this reference.

Services Provided

The District, a quasi-municipal corporation and a political subdivision of the State of Colorado, was organized by order and decree of the District Court on November 9, 2005, and is governed pursuant to provisions of the Colorado Special District Act (Title 32, Article 1, Colorado Revised Statutes). The District's service area is located entirely within the Town of Johnstown, Larimer County, Colorado.

The District was established to provide construction, installation, financing and operation of public improvements, including streets, traffic safety controls, water, sanitary sewer, storm drainage, television relay and translator, transportation, park and recreation facilities, and mosquito control within the District. Under the amended service plan, the District was organized in conjunction with five other related districts, Thompson Crossing No. 1 (control district), Thompson Crossing No. 2 (commercial district), Thompson Crossing No. 3 (operating district for Nos. 4, 5, and 6), Thompson Crossing No. 5 (financing district), and Thompson Crossing No. 6 (financing district). The District serves as a financing district for Thompson Crossing No. 3.

On November 1, 2005, the District voters approved authorization to increase property taxes up to \$5,000,000 annually, as necessary, to pay for the operations and maintenance expenditures of the District. Debt authorization was approved in the amount of \$520,000,000 for the above listed facilities and \$65,000,000 for refunding debt. The voters also authorized debt of \$65,000,000 for the cost of operating and maintaining the District's systems. Additionally, the District's electors authorized the District to collect, retain and spend all revenue annually, other than ad valorem taxes, without regard to limitations under TABOR.

The Modified Consolidated Service Plan dated October 3, 2005 limits the total principal amount of obligations that the Districts may have outstanding in aggregate at any one time to \$65,000,000 provided that in the case where obligations of the Financing Districts are supporting revenue bonds of the Control District, the Control District revenue bonds shall not be counted.

The District has no employees and all administrative functions are contracted

The District prepares its budget on the modified accrual basis of accounting, in accordance with requirements of Colorado Revised Statutes C.R.S. 29-1-105 using its best estimates as of the date of the budget hearing. These estimates are based on expected conditions and its expected course of actions. The assumptions disclosed herein are those that the District believes are significant to the budget. There will usually be differences between the budget and actual results, because events and circumstances frequently do not occur as expected, and those differences may be material.

Revenues

Property Taxes

Property taxes are levied by the District's Board of Directors. The levy is based on assessed valuations determined by the County Assessor generally as of January 1 of each year. The levy is normally set by December 15 by certification to the County Commissioners to put the tax lien on the individual properties as of January 1 of the following year. The County Treasurer collects the determined taxes during the ensuing calendar year. The taxes are payable by April or, if in equal installments, at the taxpayer's election, in February and June. Delinquent taxpayers are notified in August and generally sales of the tax liens on delinquent properties are held in November or December. The County Treasurer remits the taxes collected monthly to the District.

The District is required to impose a maximum Required Mill Levy of 65.202 mills for collection in 2024. Required Mill Levy means an ad valorem mill levy imposed upon all taxable property of the District each year in an amount to pay the principal, premium if any, and interest on the Bonds as the same become due and payable [and to make up and deficiencies in the Reserve Fund].

For property tax collection year 2024, SB22-238 and SB23B-001 set the assessment rates and actual value reductions as follows:

Category	Rate	Category	Rate	Actual Value Reduction	Amount
Single-Family				Single-Family	\$55,000
Residential	6.70%	Agricultural Land	26.40%	Residential	
Multi-Family		Renewable Energy		Multi-Family	\$55,000
Residential	6.70%	Land	26.40%	Residential	
Commercial	27.90%	Vacant Land	27.90%	Commercial	\$30,000
Industrial	27.90%	Personal Property	27.90%	Industrial	\$30,000
Lodging	27.90%	State Assessed	27.90%	Lodging	\$30,000
		Oil & Gas Production	87.50%		

The calculation of the taxes levied is displayed on the Property Tax Summary page of the budget using the adopted mill levy imposed by the District.

Specific Ownership Taxes

Specific ownership taxes are set by the State and collected by the County Treasurer, primarily on vehicle licensing within the County as a whole. The specific ownership taxes are allocated by the County Treasurer to all taxing entities within the County. The budget assumes that the District's share will be equal to approximately 7% of the property taxes collected by both the General and the Debt Service Fund.

System Development Fees

The District collects and retains system development fees of \$500 at the time of issuance of a building permit for the first 500 single-family units. The District anticipates collecting revenue from the issuance of 24 building permits in 2024.

Revenues (continued)

Interest Income

Interest earned on the District's available funds has been estimated based on an average interest rate of approximately 5%.

Expenditures

Transfer to Other Districts / Administrative and Operating Expenditures

Pursuant to a Facilities Construction and Service Intergovernmental Agreement, the District is obligated to impose a mill levy which will be sufficient to promptly and fully pay the amounts to be paid under this agreement, as well as all other general obligation indebtedness of the District, as the same become due. The District is required to remit property taxes derived from such mill levy, together with specific ownership taxes applicable to property within the District less County Treasurer Fees, to the Operating District. The District anticipates transferring funds to Thompson Crossing Metropolitan District No. 3, as shown in the General Fund budget, for operations under this agreement. Administrative, operating and capital outlay expenditures are paid by District No. 3 on behalf of the District.

County Treasurer's Fees

County Treasurer's fees have been computed at 2% of property tax collections.

Capital Enhancements

The District anticipates spending General Fund revenue on capital enhancements to be determined in 2024.

Debt Service

Principal and interest payments are provided based on the Series 2019 General Obligation Bonds (discussed under Debt and Leases).

Debt and Leases

Series 2019

On September 5, 2019, the District issued \$31,270,000 in Series 2019 General Obligation (Limited Tax Convertible to Unlimited Tax) Refunding and Improvement Bonds, which bear interest of 3.5% to 5.0%, payable semi-annually on June 1 and December 1. Annual mandatory sinking fund principle payments are due on December 1, beginning on December 1, 2024. The bonds mature on December 1. 2049.

The Series 2019 Bonds are secured by and payable solely from Pledged Revenue, which includes property taxes derived from the Required Mill Levy net of the cost of collection, specific ownership taxes allocable to the Required Mill Levy, Capital Fees (not including system development fees, which are not pledged to the payment of the bonds) and any other legally available moneys of the District credited to the Bond Fund. The Required Mill Levy (for debt service) is defined in the Bond Resolution as a mill levy imposed upon all taxable property in the District each year in an amount sufficient to pay the principal of

Debt and Leases (continued)

and interest on the Series 2019 Bonds but not in excess of 50 mills and not less than 41.838 mills, as adjusted for changes in the method of calculating assessed valuation after August 20, 2001. Once the Debt to Assessed Ratio on total debt issued is 50% or less, the mill levy may be imposed in an amount sufficient to pay debt service on the Series 2019 Bonds without limitation or rate.

A surplus fund was established as additional security for the bonds and will be used to fund any deficiencies in the amounts required to pay bond principal and interest when due. The surplus fund will be funded up to a maximum amount of \$4,690,500, solely from available Pledged Revenue that is not required to pay the principal or interest on the bonds. The surplus fund will be maintained until the Debt to Assessed Ratio is 50% or less, after which any balances remaining in the surplus fund will be transferred to the District for application to any lawful purpose. The bonds do not have a reserve requirement other than this surplus fund.

In the event that the Pledged Revenue is insufficient to pay the Bonds when due, the unpaid principal will continue to bear interest, and the unpaid interest will compound semi-annually at the interest rate borne by the Bonds until the Bonds are paid in full or the total repayment obligation of the District for the Bonds equals the amount permitted by law.

The Series 2019 Bonds refunded the Series 2006 Bonds.

The District has no operating or capital leases.

Reserves

Capital Reserve

The District reserves General budgeted property taxes from 2 mills of the General Mill Levy and System Development Fees revenue to be used for capital enhancements.

Emergency Reserve

The District transfers majority of its General Fund revenue to Thompson Crossing Metropolitan District No. 3 for operational expenditures. Therefore no Emergency Reserve has been provided for in Thompson Crossing Metropolitan District No. 4. The emergency reserve related to its revenue stream is captured in Thompson Crossing Metropolitan District No. 3.

Debt Service Reserves

Funds in the Debt Service Fund that are not required to pay the principal or interest on the bonds are held in the surplus fund, up to a maximum amount of \$4,690,500.
